TWELVE PAGES TODAY

BLANKS WILL BE READY BY MAR. 1

Taxpayers Will Have Only Fifteen
Days in Which to Make Income
Tax Returns

BILL IS PRACTICALLY A LAW

One or More Agents Will be Sent
Here to Aid in Filling Out Blanks
—No Time Extension

With the new government internal revenue bill practically a law since the report of the conferees has been approved by both branches of congress, those who will be affected by its terms will find it possible to get blanks for making returns under the law some time between February 15 and March 1. The forms for the tax returns are being printed and will be in the hands of the collectors by the first of next month, according to an authorized statement by Peter J. Krueyer, internal revenue collector for this district.

The internal revenue bureau has been making preparations before the bill became a law, to collect the taxes, and is now putting and all of its efforts into aiding taxpayers to fulfill their obligations. Deputies and agents will be sent out to aid taxpayers, and at least one may be expected here between the first and fifteenth of next month. Taxpayers are warned that it is their duty to take the initiative and seek out the agents, not wait for them to give the needed advice and assistance in preparing returns.

The day the conferees made the report on the revenue bill, Secretary of the Treasury Glass announced there would be no general extension of time beyond March 15 for the filing of returns and for the payment of income and excess profits taxes due on that date. The collectors will adhere strictly to this ruling.

"It is necessary to get the initial tax payments in by March 15th," says Commissioner of Internal Revenue Roper. "No other course is possible. Some months ago, the Treasury issued certificates of indebtedness to an amount approximating \$800,000,000, maturing March 15th. The first payment of the income and Excess Profits Taxes for 1918 was planned for that date, to meet this huge obligation.

"The American people have proven that there is an emergency too great to meet and solved by co-operation. This present situation is another emergency which can be overcome by co-operative effort. The Bureau extends its every force toward this end, and I am relying upon the people to meet the situation wholeheartedly.

"The Internal Revenue Bureau must carry out the programme prescribed in the new law, which requires the first quarterly payment or the entire payment to be made on or before that date.

"Every taxpayer who can possibly do so is urged to make full payment of his income on or tax before Mar. 15th. The quarterly payment method is intended for taxpayers whose financing of the tax at one time would tend to upset local financial conditions."

CIVILIANS ATTACK TROOPS.

Berlin, Feb. 10.—A mob of 400 civilians attacked government troops who were searching for arms today. They had overpowered and disarmed the troops when help arrived. Five persons were killed and twelve wounded.

SON IS IN GERMANY.

James Tarplee received word today that his son, Arnold G. Tarplee, is stationed at Neuweid, Germany, just above Coblenz, with the American army of occupation. The letter from his son also contained the information that he was commissioned a second lieutenant last November. Lieut. Tarplee is in the quartermasters corps.

AUTO RUNS INTO A BUGGY

Darnell Car Tears Front Wheels Off
John Gibson's Vehicle

A car being driven by the son of John Darnell, going east in Second street, collided with a buggy being driven by John Gibson Saturday afternoon. The front wheels of the buggy were torn completely up but no one was injured. The damages were paid by Mr. Darnell. Mr. Gibson was driving north in Main street and did not see or hear the approaching machine until it was too late to avoid the accident. Mr. Darnell blew the horn repeatedly, and when the accident could not be avoided, the breaks were applied but did not hold.

SUFFRAGE AMENDMENT ONCE MORE DEFEATED

Fails to Win Two-Thirds Vote in
Senate Today, Making Fourth
Victory For Those Opposed

WATSON AND NEW VOTE AYE

(By United Press.)

Washington, Feb. 10.—For the fourth time the United States senate today defeated the resolution to submit a woman's suffrage constitutional amendment to the states. Senators Watson and New of Indiana voted in favor of the resolution.

The vote proved a bitter disappointment to suffragettes who had counted on President Wilson and other leaders to pull southern democrats into line.

The vote was 55 for suffrage and 29 against it. But as the ayes did not have two-thirds of the vote they were defeated. Today the defeat means practically that nation wide suffrage for women must wait for a long time it being impossible to get another vote this session. Even if many southerners proclaimed suffrage the next session the resolution will have to go through the house, making it rather difficult in spite of the republican control, because of the many new members. However, suffrage leaders said immediately after the vote that they will prepare another campaign at the next session.

Thirty-one Republicans voted for the measure and ten against it while 24 democrats voted in the affirmative and 19 in the negative.

LIFE OF ROOSEVELT EULOGIZED IN PULPITS

Tribute Paid to Ex-President in
Memorial Services Held in
Many Churches Sunday

NATION-WIDE OBSERVANCE

The life of Theodore Roosevelt was eulogized in the pulpits of Rush county yesterday as a part of the nation-wide observance of Roosevelt memorial day. It was the rule in nearly all of the churches to hold a special memorial service commemorating the life and deeds of the ex-president, in the morning.

The Rev. L. E. Brown spoke at the Main Street Christian church Sunday morning on the topic, "God Sent Men," using the life of Roosevelt as an example. Dr. J. M. Walker, district superintendent, spoke at the Roosevelt memorial service at the St. Paul's M. E. church in the morning. The day was observed in various churches throughout the county.

The Salvation Army, in common with all corps throughout the country, paid tribute to Roosevelt with a special service last night at the Army hall. A. L. Gary was the speaker.

RED CROSS PEACE PROGRAM PUBLIC

First Request From Local Chapter
Will be Collection of Clothing
For Poland

RELIEF WORK FOR BALKANS

Large Quantities of Supplies Accumulated For War Needs Are
Being Transferred

Now that the transition from the war to the peace basis has about been accomplished, the Rush county chapter of the American Red Cross will be called on to undertake collection of clothing, shoes and blankets for the liberated people of Poland.

Word to this effect has been received in publicity matter by the Lake division of the Red Cross, but local officials of the chapter have no official word of what the peace program of the Red Cross will be.

The appalling conditions in Poland call for immediate Red Cross help, it is stated. Requisition made by Russia, Germany and Austria have diminished the number of cattle and hogs in Poland by more than half. Soil productivity has been reduced in similar portions. No drugs or medicines have gone to Poland since the beginning of the war and outbreaks of cholera, typhus, smallpox and trachoma, have used up the original supply. Recently a way has opened up for the extension of Red Cross work in this country where it is so desperately needed.

Relief work will be in behalf of the entire population of Poland without discrimination. Boris Borgen, representing the joint distribution committee for relief of Jewish sufferers will accompany the commission to Poland with a view to consolidate the work of his commission with that of the American Red Cross.

The Red Cross peace program contemplates extensive work in the Balkans where present distress is acute. A force of Red Cross workers has already been recruited from the Red Cross personnel in France and Italy. Large quantities of supplies accumulated for possible war needs are being transferred. In this way Red Cross help may save thousands of lives before the next harvest time and prevent in some measure extreme misery among the people.

In North and South Serbia, where the food situation is grave, the Red Cross is already at work. The work in Greece, calls for one hundred and fifty tons of supplies a week to be shipped on Greek ships allotted to the Red Cross.

In Russia, where tens of thousands are starving in cities cut off from supplies and communication, Capt. Lively just returned from the Kila Expedition reports that he reached about six thousand people just in time to prevent starvation in some cases.

The Red Cross transition period from war to peace is almost over. With the appointment of Dr. Livingston Farrand and the resignation of the War Council which becomes effective March 1, a new and even greater era of service to humanity opens for Red Cross workers all over the world, it is declared.

ROOSEVELT CANAL PROPOSED

Washington, Feb. 10.—Renaming of the Panama canal "Roosevelt Canal" as a memorial to Col. Roosevelt, was proposed in a resolution introduced in the senate by Sen. Smoot, Utah.

REFUSES GERMAN DEMAND

Berlin, Feb. 10.—The Polish government has refused the German demand for withdrawal of its troops from the province of Posen and has called all Poles of military age to the colors for defense of that territory.

DRAFT IS READY FOR SUBMISSION

Committee Preparing Constitution of
League of Nations to Continue
in Session

ADDITIONS ARE PROBABLE

Associated Powers Expected to Proclaim Policy of Non-Intervention in Russia

(By United Press.)

Paris, Feb. 10.—While the constitution of the league of nations has been provisionally completed, the committee which prepared the draft will continue in session to take up possible amendments and additions before submission to the general peace conference, this week, it was announced today. The committee ordered the draft reprinted it will be in shape for President Wilson to read to the conference.

The associated powers are expected within a few days to proclaim the principal of non-intervention in Russia, military as well as political, it was learned from a reliable source today. They will carry out their intent to withdraw troops now on Russian territory.

This is the outcome of the Anglo-American representation made to France ten days ago.

Advices from northern Russia indicate that it will be impossible to get boats to Archangel for several weeks as that port is tightly frozen in.

The allies do not desire to withdraw from Murmansk while their troops are still on the Archangel front as that would leave the latter exposed to an attack from the west.

Before the joint conference convenes it is believed that an understanding may be reached by the Soviet government and the associated powers regarding cessation of hostilities.

The supreme war council is reported to have reached a decision that it was necessary to impose more severe conditions on Germany for the renewal of the armistice because of Germany's attitude toward the fulfillment of her obligations. Decisions are also said to have been reached for the control of German demobilization and of the production of plants formerly engaged in producing war material.

It is expected that the means for securing the execution of the conditions laid down will be reached at today's meeting of the council.

The economic council has taken

SEEK TO PREVENT BOLSHEVIKISM HERE

Several Members of Both Houses of
Legislature Have Bills Against
The Menace

SOME STRINGENT PROVISIONS

(By United Press.)

Indianapolis, Ind., Feb. 10.—That the legislature will take steps to prevent the spread of bolshevism in Indiana was indicated today when several of the leading members of both houses had prepared bills that adopted stringent provisions against bolshevism.

Representative J. Frank Knoll had a bill prepared which would provide severe punishment for any one advocating anarchy, overthrow of the government, abrogation of the constitution, for display of the red flag or other symbols of anarchy or for advocating sabotage.

The bill provides that on first conviction a fine up to \$12,000 and a sentence from two to fourteen years in the penitentiary may be imposed and for a second offense, the penitentiary sentence may be increased to 35 years.

COLORED CHOIR IS PRAISED

Gives Entertainment Observing
Freedman's Aid Society Day

The choir of the Second Methodist church was enthusiastically applauded for its entertainment at St. Paul's M. E. church last night in observance of Freedman's Aid Society day. Each number on the program was well received by the audience which filled the church. The address by the pastor of the Second church, the Rev. E. W. S. Hammond, on the work of the society, in which he extolled the Freedman's Aid for the uplift of the colored race, was very much appreciated. A liberal collection was taken and turned over to the Second church.

HEALTH CRUSADE IS STARTED TODAY

Tournament Between Children to
Raise Health of Childhood of
Country, Launched Here

RANKS WILL BE CONFERRED

The nation wide tournament between children, following the banner of the modern health crusade, in country, city and town schools throughout the country, began this morning in this county. All school children in the county are enrolled for the contests, which include health exercises and daily health chores, that are intended to raise the childhood of America to a health basis undreamed of a few years ago. Supt. J. H. Scholl is in charge of the city schools and County Supt. C. M. George has charge of the out-of-town schools.

Prizes of various sorts are given in the health crusade contest and successful children who make certain grades in their accomplishments are given the ranks of pages, knights, esquires and knight banners. Pennants will also be given to the schools having the highest record. Health cards on which pupils keep their records, were distributed last night.

The Indianapolis schools have adopted this plan and are having good results, the children are taking an interest in the work. This crusade is being given all the support possible by the societies for the betterment of child health. The Indianapolis schools have approximately 22,000 children enrolled.

MAJOR DOLPH HUMES ARRIVES FROM FRANCE

Former Rush County Man, Who Has
Been With Base Hospital No.
32, Reaches States

REST OF UNIT MAY BE COMING

Major Charles Dolph Humes, a native of Rush county, is one of three majors of Base Hospital No. 32 who have landed at Newport News, according to a telegram received in Indianapolis yesterday by Major Humes' wife.

Major Humes is the son of John Humes of West of New Salem and a brother of Elmer Humes of this city. He went to France with the base hospital as a captain and was promoted while in the service overseas. At one time it was authentically reported that Major Humes had been offered the superintendency of a famous French hospital for the treatment of nervous diseases, but he declined the offer.

There is no positive proof that the other officers, enlisted men and nurses of the hospital unit have sailed for the States, although it has been reported that they would soon leave. Neff Ashworth and Russell Kirkpatrick of this county are with the unit.

MANY MEASURES WELL ON THE WAY

Much Progress Made in Indiana
General Assembly, Especially
During The Last Week

AMENDMENTS PROGRESSING

Oil Inspection and Child Labor Bills
Among Important Ones to be
Considered This Week

(By United Press.)

Indianapolis, Ind., Feb. 10.—When both houses of the legislature met this afternoon, they found many of the important measures to come before the present session of the General Assembly, well on their way through the legislative mill.

Much progress was made, especially during the last week, on important measures, after a slow start had been made.

All of the administration amendments to the constitution, including the woman suffrage amendment, have made progress. Several of them are now ready for final action in the house and practically all have been passed by the senate.

The tax bill and the highway commission bill during the last week were revised to conform with the ideas of committee members having the measures in charge. Although both measures undoubtedly will be the subject of considerable discussion, it is believed they would be passed in substantially the same form as reported.

The conservation commission bill, which is recognized by administration leaders as one of the most important of the session, will soon receive decisive action in the house.

One of the big fights of the present week's session is expected to-morrow afternoon in the senate when the upper house will attempt to settle the oil inspection controversy.

Another important bill which will receive consideration is the Dainum shot firers measure. The house committee on mines will meet tonight to take up the bill, which has already passed the senate.

The child labor bill will be one of the important measures to receive consideration in the house this week. The measure, since being amended to make its clauses more drastic, has been the center of considerable opposition.

The bill raises the age limit to 14 years for children's who may be employed by canning factories from June 1 to Oct. 1. The former limit was 12 years.

Allowance was made for children to work on Saturdays and Sundays, when school is not in session, in certain occupations.

The chief point of the bill is that it requires children to have eight instead of five years of schooling, before they are given a permit to work when from 14 to 16 years of age.

Steel mills and other factories working in metals are classed as 'hazardous' and children are prohibited from working in them. The state industrial board is given jurisdiction of classifying other industries as dangerous and prohibiting children from working in them.

Girls under 18 years of age are not allowed to work nights as messengers for telegraph companies nor at night in theaters.

WEATHER FOR WEEK

Washington, Feb. 10.—Snow or rain Monday night or Tuesday and again at end of week, otherwise generally fair; nearly normal temperatures, except somewhat below about middle of week.

BANKS WILL BE CLOSED.

Banks will be closed all day Wednesday in observance of Lincoln's birthday, a legal holiday. The day is not observed at the postoffice and the usual hours will be followed.

FOYERS IN FRANCE.

Four departments of the French Government have asked the American Y. W. C. A. to open social and recreation centers for girls employed by them—Finance, Commerce, War and Labor.

Lieutenant Poncet of the Ministry of Labor recently requested that this Y. W. C. A. work be begun for girls in his offices after seeing the social and recreation centers which had been opened at the request of the Ministry of War. Sixteen centers of this kind are operated in six cities in France. Three of them are in Paris.

The last of these Foyers des Alliees is for girls who are working in the Department of Labor. It is far down the Seine, under the shadow of the Eiffel Tower, and overlooks the Quai d'Orsay. The rooms are bright and cheerful, with chintz hangings and cushions, comfortable chairs, reading and writing tables and a fireplace. A kitchen has equipment so that girls can prepare meals for themselves. They go to the foyer for their two hour lunch-time, for social evenings and for classes in English.

WOMAN IS FOUND DEAD

Westport, Ind., Feb. 10.—Mrs. Margaret Bradburn, 70 years old, was found dead on the floor of her home Saturday. There was a bruise on her head, probably caused by her striking a stove as she fell in the night. She leaves two children, Mrs. Ezra Underwood of Brewersville and Frank Bradburn of Flatrock Cave.

Where Methodist Eyes of the World Will Center Next June and July

Glimpse of Magnificent Exposition Grounds at Columbus, O., being prepared for a display of Methodist activities from all parts of the globe. Insert shows Dr. D. D. Forsyth, Philadelphia, Chairman of the Joint Centenary Committee of the M. E. Church.

COLUMBUS, O.—(Special.)—Methodist ministers and laymen to the number of several thousands are getting their concrete notions of what the Methodist Centenary Celebration, to be held here June 20 to July 7, will be like. Attending a special regional meeting, at which men like Bishop Wilson, R. A. Ward and Fred B. Fisher of New York; Bishop McDowell, Washington; Bishop Warner, India; S. Earl Taylor, director general of the celebration; D. D. Forsyth, Philadelphia; C. F. Reischer, New York; Edgar Blake, Chicago, and R. S. Cushman, New York, are speakers, they have still enjoyed an opportunity to visit the exposition grounds where for weeks past work has been in progress preparing for the tremendous celebration for which it is expected that more than 100,000 Methodists will journey to Columbus from all parts of the United States.

The spacious buildings already provided by the state of Ohio are being modified and extended to meet the peculiar needs of the Methodist Celebration. This will visualize to pastor and laymen the work of the church at home and the work of the church abroad. Here will be seen, with all the fidelity and detail of a world exposition, the natives of all the countries in which the Methodist church operates as a missionary force. Here, too, will be set forth all the work in this country. Essentially the entire world of Methodism will be brought to Columbus and displayed in its original colors and with all the circumstance and surrounding of its various habitations on the globe.

Two special pageants are being planned and many lesser ones. A climax of the celebration will be a symbolic representation of the drawing together of all the nations of the earth through the gospel of Christ.

In order to care for the throngs that are certain to be in attendance an extensive bureau already has been organized. Registrations and reservations already are being made for interested Methodists throughout the United States.

H. B. Dickson, organizing secretary of the Centenary Celebration, occupying two entire floors of a large office building, with the incisor corps of assistants to take care of the work.

DRAFT IS READY FOR SUBMISSION

Continued from Page One
rank next in importance to the society of nations commission. Its membership will be announced soon, and it will get to work immediately thereafter. It will have charge of food supplies, shipping, blockade and possible financial questions. It has been suggested that this council may become permanent and assume an immense authority, though it probably would be necessary for the congress of the United States to approve such functions if continued after the signing of a definite peace treaty.

Even if limited in existence to the transitory period between war and peace, the American delegates expect that the council will be a great aid during the uncertain armistice period in the solution of economic problems.

ADM. WILSON HAS PNEUMONIA

Washington, Feb. 10.—Vice Admiral Wilson, in command of the American forces in French waters, is ill with pneumonia following the influenza. In a cablegram received today it was reported his condition is serious but not critical. A latter announcement reported him as improving. Wilson planned to come home on the New Mexico as convoy for the president.

BRANDS CHARGE FALSEHOOD

Washington, Feb. 10.—Branding Frances Heney's charge as a "vicious, dishonorable and an unprovisional falsehood," Levy Mayer, counsel for Armour and company today denied that he tried to bribe Heney at the recent senate packer's inquiry.

FOR EVADING DRAFT

Lawrence, Mass., Feb. 10.—J. Kaplan, secretary of the general committee of the striking textile workers here, was arrested today, charged with evading the draft law by failing to register.

Ten tons of guava jelly sent to French hospitals by women of the Porto Rican chapter were so welcome that the Red Cross commission cabled for more. The reply was that 30 tons of jelly and several tons of marmalade were being prepared.

BUY THRIFT STAMPS

MESSAGE TO Y. W. C. A. FROM FRANCE.
I must express to you the very great satisfaction and most sincere gratitude of the French Government for the service rendered to the women working in Government factories through the establishment of Y. W. C. A. Foyers des Alliees (clubrooms for munitionettes).
These foyers have been an excellent means for bettering the physical conditions and the morale of our workers. They have been constantly used by the women workers, who have found there new elements of dignity and social education.
I must thank you for bringing this to pass, and I hope that Y. W. C. A. work will not disappear with the war, but will be carried on in order to develop the principles of social solidarity which it has inspired.
(Signed) M. LOUCHER, Minister of Arms and Munitions Manufacture.

NURSES PRODUCE WILD WEST PICTURE SHOW

Entertain Roumanian Countess at American Show in France.

Picture shows are being put on in France without cameras, scenery or any of the necessary properties, according to reports reaching the National Y. W. C. A. from a Y. W. C. A. nurses' hut in a Base Hospital.

Having no film or camera, the nurses at Base decided to put on a living picture show and invited a group of nurses from a nearby hospital to be the audience. It was a real thriller, one of the wild and woolly west variety, with bucking bronchos and wild rides on broom and mop horses.

Imagination supplied the scenery, with the exception of placards, which announced "the sun" when it was supposed to be shining or "cacti" when the cow punchers rode across the desert.

Countess Vacaresca of Roumania, who had been talking to the nurses on conditions in the German courts at the time she was lady-in-waiting to the Queen of Roumania, was the most appreciative of all the guests.

Dried white mulberry is one of the principal articles of food in Afghanistan.

SCIENCE MAKES THEM AVAILABLE

So—There's No Save You Save Money

"I have been wearing my shoes with Neolin Soles nearly a year and they are apparently in as good condition as when I bought them."—Written August, 1918, by W. H. C. Officer, A.E.F., France

Only Neolin Soles could endure a test like this. That they do so is because of the tough durability built into them by a scientific process. To cut your shoe bills down, buy shoes with these long-wearing soles. They come in many styles for men, women, and children.

Remember—Neolin Soles are flexible and waterproof, too, and are available everywhere for re-soles. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

—Jacob Row of Piqua, Ohio transacted business here today.

—R. S. Mansfield transacted business in Arlington today.

—Dewey Hagen of Milroy spent the morning here on business.

—W. W. Barton of Milroy was a business visitor here today.

—W. A. Sherman of Indianapolis spent the day here on business.

—C. E. Buernex of Indianapolis transacted business here today.

—P. E. Vasholder of Anderson was a business visitor here today.

—Herbert Harrison of Connersville visited friends here last night.

—Dr. J. C. Sexton was a business visitor in Indianapolis this afternoon.

—H. H. Hamilton of Cincinnati, Ohio, spent this morning here on business.

—Mrs. Walter Capp and Mrs. Walter Hubbard were Indianapolis visitors today.

—Mr. and Mrs. George Dewester and daughter Grace were Indianapolis visitors today.

—Mrs. Hubert Thomas of Shelbyville was the guest of Mrs. Grant Gregg, of this city today.

—Mrs. Charles Green and children spent the week end in Indianapolis as the guests of friends and relatives.

—Joe Cannon of Camp Knox, Kentucky, formerly of this city, was the guest of friends here over Sunday.

—Sergeant Homer Roberts of Camp Taylor, Kentucky spent the week end with friends at New Salem, returning to camp this morning.

—Miss Lois Reeve spent the week-end in Oxford, Ohio, as the guest of Miss Katherine Giffin, who is attending Western college.

—Dr. J. M. Lee has located his office in the rooms formerly occupied by Dr. Tucker in North Morgan street, in the Poundstone building.

—Orlie Price arrived Saturday evening for a visit with relatives here. He was recently discharged from the service at Mitchell Field, Mineola, Long Island.

—Mrs. Earle Hamilton and daughter Margaret Jane, of Greensburg, are spending the week in this city as the guests of her parents Mr. and Mrs. Grant Gregg.

—Misses Valetta Walton, Margaret Cooning, Mildred Kirk and Marion McBrade, Merle Winkler and Forest Jackson attended the dance and oyster supper at Glenwood Saturday night.

—Harold Pearce has arrived from Washington, where he was discharged from the ordnance department, after having seen overseas service. He landed in New York about ten days ago.

—Jerome Caron, who has been discharged from the service at Camp Sherman, Chillicothe, O., is visiting his uncle, Ed Wallace, and wife, at Bicknell, Ind. before coming on

CONVINCING TESTIMONY

Given by Many Rushville People

Experiences told by Rushville people—

Those who have had weak kidneys—

Who used Doan's Kidney Pills—

Who found the remedy effective—

Such statements prove merit.

You might doubt an utter stranger. You must believe Rushville people. Here's Rushville proof. Verify it. Read. Investigate. Be convinced. You'll find why Rushville folks believe in Doan's.

Samuel A. Brown, 206 Pearl St., says: "I had a severe attack of backache and it became worse every day. Finally the trouble was so bad, I could hardly raise my foot off the ground. When I stooped I thought my back would break. I used Doan's Kidney Pills and was surprised at the prompt way in which they stopped the trouble. In a few days, I was free from pain."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

home. He has recovered from the effects of a wound, which he received in action in France, and for which he has been taking treatment at the base hospital at Camp Sherman.

WATSON TELEGRAPHS EULOGY ON ROOSEVELT

Indiana Senator Sends Statement to be Read at Memorial Meeting Held at Gary, Ind.

MOST VERSATILE OF THE AGE

Washington, Feb. 10.—Senator James E. Watson sent a message to Gary, Ind., to be read at the Roosevelt memorial meeting there.

"Col. Roosevelt was possessed of a physical and intellectual persistence that carried him to the limit in everything he undertook," wrote Watson. "When he believed a thing it utterly possessed him. He was, by the vehemence of his nature, a partisan. He was either for or against, and whichever way he went it was with tremendous power. He had none of the soft concealments. To engage his mind was to enlist his whole being, and then he acted with all the fiery ardor of his soul. By reason of his scholarship, his industry, his patriotism, I look upon him as easily among the great men of his generation. He was indeed the most versatile man of his time."

PRISONERS OF WAR ATTENDED SCHOOL

Organized a University, any Man Teaching any Subject that he Knew Well.

NOW ARRIVING IN LONDON.

(By United Press.)

London, Jan. 18. (By Mail.)—Many civilians who have been interned in Austria are arriving in London.

While they have many tales to tell of their hardships, they say they were not so badly treated as those interned in Germany. Many were allowed to continue their occupations in Vienna, others being sent to country villages. Only those who were destitute were interned in prison camps.

At the village of Karlsten civilians of all nationalities who were interned organized a "university"—any man teaching any subject he knew well. Here they were able to study motor engineering and torpedo construction, and they also had an excellent opportunity for learning various languages.

WILL FIX GAS HEAT STANDARD FOR STATE

Committee to Make Survey of Indiana Companies to Gather Data For This Purpose

TO SET STANDARDS OF RATES

(By United Press.)

Indianapolis, Ind., Feb. 10.—The gas heat standard committee making a survey of the artificial gas plants in Indiana, will make tests this week at the plant of the Northern Indiana Gas and Electric company at Crawfordsville and next week at the plant of the Huntington Light and Fuel company.

The results of those tests, together with data already collected by the committee, will be used to formulate a standard of gas service and rates, in a recommendation to the public service commission.

The tests will determine the quality of gas which can be produced by the Indiana concerns, with the equipment they are now using and the kinds of coal obtainable.

BILL AGAINST BAD EGGS

Indianapolis, Ind., Feb. 8.—The Indiana Egg & Poultry Association and the National Egg Dealers' Association will urge the members of the legislature to pass the proposed bill against marketing eggs which are unfit for common use, according to Dr. H. E. Barnard today. Heavy penalties are provided for in the bill.

Amusements

Pauline Frederick at Princess

If your sweetheart proved false to you and while professing love to you, made love to another, would you poison him? This is the problem which Dolores, a Creole girl, the character portrayed by beautiful Pauline Frederick, in her newest Paramount photoplay, "A Daughter of the South," which is being shown at the Princess tonight, is called upon to solve. This is only one of the many interesting incidents which the authors of the admirable photoplay have crowded into their story.

Dolores is a self-willed young beauty, with strong American ideas, who rebels against being sold to a wealthy suitor for whom she has little if any affection. When she meets a novelist while praying in church, she looks upon him as the answer to her prayers and instantly showers upon him the wealth of her love. But this chap is erratic to say the least, and when Dolores discovers that he is betrothed to another, her hot Latin blood prompts her to resort to poison as the only means for revenge—herself upon him for his perfidy.

But it happens that a kind fate intervenes, but how, the picture itself shows best. It is sufficient to say that Dolores does not become a murderess, but on the contrary, finds love and happiness. The story of "A Daughter of the Old South," is, exceedingly thrilling and its heart appeal is exceptionally strong.

Tuesday Dorothy Dalton will be on the program in "Vive La France." This is a picture which will hold interest from start to finish. Wednesday Norma Talmadge will be shown in "The Heart of Wexona," and Friday and Saturday D. W. Griffith's big spectacular production, "Hearts of the World," will be the offering.

New Serial Begins

"The Lure of the Circus," a serial photoplay, filled with dramatic action and enacted by genuine circus folk, will start at the Mystic theater tonight. "Fan Fan," scenes of which are land in Japan, supplemented by a Mutt and Jeff comedy, will be the attraction for tomorrow night. "Under Four Flags," said to be the best war picture yet issued by the government, will be shown Wednesday.

Eddie Polo is starred in "The Lure of the Circus," and is supported by his wife, who thrilled audiences in Barnum and Bailey's circus for seven years by her feats in mid-air, and other noted recruits from the sawdust ring, including two professional clowns from the Sells-Floto circus.

In this sensational serial of the sawdust ring, love, and big business—the atmosphere of the circus, has been preserved in its entirety. You see charming horsewomen and daring riders, including beautiful Eileen Sedgewick, leading woman for Polo, the side show, parades, glittering chariots, ferocious beasts of the jungle and everything else that goes to make up a complete traveling organization.

"The Lure of the Circus" is a picture with thrills galore. It was conceived in a spirit of appreciation of the superior ability of circus performers to perform thrilling aerial and tumbling feats. Veterans of the Big White Top whose names are bywords throughout the world have been engaged to make this picture, and patrons are promised one of the most sensational offerings in motion pictures.

MRS CHARLES BERGEN DIES

Mrs. Charles Bergen, age sixty-five years, mother of Chester Bergen of New Salem, died at her home three miles east of Clarksburg Friday night at seven o'clock of heart trouble. In addition to Chester, she is survived by one other son, Oscar, who lived at home, her husband and one daughter, Mrs. William Kelley of near Springhill.

Red Cross commissions for the relief of Roumania and Montenegro have been organized.

Thought I Had Consumption

James Poisel, Indianapolis, Ind.—"Had such bad cough neighbors thought I had consumption. Took one bottle Hull's Superlative. Cough disappeared. Gained 13 pounds. Feel fine. Scarcely miss a day's work." Hull's Superlative on sale at your druggist.—(Adv.)

ANNUAL REPORT ON EXTENSION WORK

It Gives Excellent Resume of Indiana's War-time Food Production Record.

COUNTY AGENTS LED DRIVE.

Work Could Not Have Been Accomplished Without The Cooperation Of Farmers.

Lafayette, Ind., Feb. 10.—The seventh annual report of the department of agricultural extension of Purdue University, which is just off the press, gives an excellent resume of Indiana's war-time food production record. The extension forces, with county agricultural and home demonstration agents led the drive for increased production in various lines, which contributed in a big way toward the winning of the war.

"This work could not have been accomplished if we had not had the hearty co-operation and support of farmers throughout the state," said T. A. Coleman, acting superintendent of extension work.

The report shows that thirteen projects were taken up, the U. S. Department of Agriculture co-operating and supplying a large part of the funds to make the work possible. The various subjects on which work was undertaken follows:

Organization of co-operative agricultural extension work; county agent work; home economics work; farm poultry and egg management; farmers' short courses; animal husbandry demonstrations; soils and crops demonstrations; dairy production demonstrations; weed and plant disease control demonstrations; boys' and girls' club work; farm management demonstrations and rural engineering.

The report points out the 25 percent increase in wheat acreage sown last fall; the 20 percent increase in the number of brood sows in the fall of 1917 and the increased amount of

pork last summer and this winter as a result: the increase in dairy products, poultry and eggs, a great growth in the back yard garden movement; planting of unusually large acreage of corn the last two seasons in spite of serious seed situations, and many other features of a similar nature.

In addition to these points, thousands of farmers throughout the state co-operated with county agricultural agents and men sent from the extension department, in demonstrating better methods in feeding and handling livestock, better methods of handling soil so as to increase crop production, and the control of plant diseases which cost farmers of the state many millions of dollars annually by reducing crop yields.

"Through the co-operation of the Department of Agriculture it was possible to unify all forces, thus eliminating duplication of effort and securing for the people of the state a large and valuable service," the report concludes.

FIFTY-FOUR I. W. W.'S ARE TO BE DEPORTED

Special Train Passes Through Chicago, Heavily Guarded, For Atlantic Port

STRIKE LEADERS AMONG THEM

Chicago, Feb. 10.—Fifty-four members of the Industrial Workers of the World passed through Chicago last night in a special train, under a heavy guard, on the way to an Atlantic port, for deportation at once by the immigration authorities.

Forty of the prisoners came direct from Seattle, where it is alleged

they took part in fomenting the general strike which paralyzed the industries of that city for several days.

Three leaders of the Seattle strike, one Spokane agitator, an I. W. W. leader from Denver and five alien convicts arrested in Chicago were among the prisoners gathered into the federal net.

The majority of the men were alien labor agitators picked up by officers of the United States immigration service during the year of secret campaigning in industrial centers of the Pacific coast. A. D. H. Jackson, chief of the Seattle office of the immigration service, had charge of the party.

An inventor has combined an electric light wall bracket with a rack for hats and clothing.

Weak, Discouraged Wife

Advised by Friends to Try Vinol—What it Did For Her

Florence, S. C.—"I was in a weak, nervous, run-down condition, took cold easily, could hardly keep around and do my work—and was all discouraged. I had taken cough syrups and tonics without benefit, until a friend asked me to try Vinol—I gained rapidly by its use, so I am now in good health."—Mrs. Adelle Wilkerson.

The reason Vinol was so successful in restoring Mrs. Wilkerson to health, is because it is a constitutional remedy, which enriches and revitalizes the blood and creates strength. F. B. Johnson & Co. Druggists and Druggists Everywhere.

P. S.—For rough, scaly skin, try our Saxon Salve. Money back if it fails.—(Adv.)

Restriction of Immigration.

The immigration question should be taken up and considered by Congress at once.

We have had but little immigration during the four years of war. Now with conditions altered and peace at hand it is not unreasonable to suppose that after a few months immigration might begin to flow into its old channels.

Nearly four millions of our own men are in process of receiving honorable discharge from the army and navy, and will have to be reabsorbed into the civilian life of the country. Just how the readjustment of business may progress or how much employment there may necessarily be no one yet can tell.

We may not at once have jobs for all our own men. They have been our defense and in turn are entitled to our protection.

A restriction of general immigration for some time to come can harm no one, and may be of the greatest value to our young men. As soon as reconstruction has progressed far enough so that conditions can be foreseen, it will be an easy matter to let down the bars.

The time to attend to this limiting of immigration is the present. Just now no shipping can be spared for the use of immigrants, and before this condition ends proper legislation should be provided.

Our country has always been the refuge of all nations. It will be so more truly again after a temporary restriction to meet conditions.

Our National Game.

The restrictions on baseball have now been removed, to the pleasure of a very large proportion of our people.

The interest which is taken in professional baseball indicates the nation's healthful appreciation of clean sport. Baseball is the delight of American boys from the time when they can hold a bat. During the season every vacant lot bears a roughly worn baseball diamond, and on Sundays and holidays is occupied by a party of muscular young fellows, gaining both health and recreation from the fresh air and exercise.

Not only does baseball train the body, but the mind as well. It requires quickness of eye and hand and immediate swift judgment. Every young fellow at a base must not only be prepared to catch a ball coming in his direction. He knows that the game, after he has caught the ball, may be made or marred by his instant disposition of it, so he must know without a second's hesitation what to do with it. No doubt many of our fine young marines at Chateau Thierry or doughboys in the Argonne forest were trained in vigor and quickness and resourcefulness by the national game.

That training is just as helpful toward the pursuits of peace. The business man needs both vitality and the power of instant decision.

Long live baseball. When you see a lot of kids busy after school hours with a bat and ball, don't find fault with their shouting! Remember that you are looking upon American citizens in the process of training and cast a kindly glance upon them.

Devastator Must be Restorer.

In Belgium and northern France is a strip of land from 12 to 50 miles wide and 150 miles long, within whose limits are to be found neither houses, barns, trees, shrubbery, stock, of any kind, grass nor arable land. The ground has been plowed up by great shells, and tons and tons

Sap and Salt

By BERT MOSES

A clerk with a bad breath is dear at any price. —*

Happiness is an ability to survive and forget trouble. —*

A farmer is a man who farms, while an agriculturist is a man who thinks he farms. —*

Most things have their ups and downs, but with taxes there is nothing but ups. —*

Going from public school to a job is preferable to going from private school to a college. —*

Hez Heck says: "I don't know anything quite so hard as for a beautiful woman to be pious." —*

In any contest between the man who eats too little and the man who eats too much, the gate receipts always go to the former.

of steel are buried in it. Its aspect might well be described as the "abomination of desolation."

Yet it is to this hopeless tract that refugees in thousands will come back. It is all that is left to them of home.

If the peace conference does its duty, it will require the nation which desolated this land to restore it. The great shells must be removed from the ground, earth and fertilizer brought in to make the land once more productive, homes and barns constructed, seed and agricultural machinery supplied.

Germany, the aggressor and devastator, must become the restorer.

The women of the British Empire were requested to make an offering of pearls to the Red Cross. The request was sent out last March, with the expectation that a necklace of valuable pearls might possibly be obtained. Nearly four thousands pearls are now on hand, ready to be sold for the benefit of the Red Cross. They aggregate forty-one ropes, and each pearl means an individual sacrifice and an act of love.

Gen. Pershing has cabled the war department to deny reports that mail to and from the America expeditionary forces has become congested at French rail heads. It may not be congested, but most certainly something happened to lots of it which never reached its destination. Almost every day another American fighter is heard from who has never received half, if any of the letters mailed to him from home.

A returned American flier says that if the war had lasted a few weeks longer, the allies would have bombed Berlin. It is too bad that the Huns did not get some of the medicine they doled out in such large doses on the French, but if it had to be administered at the expense of thousands of lives lost by prolonging the war, it is well that the Germans responsible for the punishment inflicted in air raids should be punished in another world.

We hear that Japan will be the next nation to "go dry". At that it will be better off than some of them, for it can drink its own tea.

Southern weather spent a great part of the winter in the north this year.

The Germans' polite farewell to Belgium consisted in the blowing up of twenty-seven steel mills. They are altogether too handy with explosives.

POINTS TO CONSIDER
IN BUILDING HOSPITAL

TO MAKE TERMS OF
PEACE LESS SEVERE

German Government May Use Spartacans as Means to Force Allies to Make Milder Settlement

MILITARY CLASSES CHANGING

(By United Press.)

Weimar, Germany, Feb. 10.—The German government may attempt to use the Spartacans as a weapon to force the allies into making the terms of the peace settlement less severe, according to reports today.

Government officials declared they will refuse to sign the treaty if its provisions are severe. They intimated that the government would resign while trying to gain control over all radical elements, which they believed would immediately create a chaotic condition.

Germany would thus not be able to pay any indemnities but it is not believed that government officials would menace the rest of Europe with threats of a Spartacan movement spread.

The attitude of the military classes in Germany has changed during the last two months from absolute depression to defiance of the general combination of the entente.

The change has been wrought, it is said, by "the lack of sympathy in the entente countries for the present

economic, social and political conditions in Germany."

The foreign office is seizing upon everything possible to protest to the allies their part of the general resistance. Count Von Bernstorff has joined the democrats and become the government's principal adviser of foreign affairs. He publicly accuses France of changing the boundaries of Lorraine.

NAME VIEWERS FOR
3 MACADAM ROADS

Commissioners Find Petitions For Highways in Richland Township Sufficient

NO ACTION ON TRIBBEY ROAD

The petitions for three macadam roads in Richland township were found sufficient by the county commissioners Saturday afternoon and viewers were appointed as follows: Will Jay and John F. McKee for the William T. Moore road, to qualify Feb. 11 and report March 3; Harvey J. Catt and Homer Powell for the Gabe Hildreth road, to qualify Feb. 11 and report on or before March 15; William O. King and A. L. Kennedy, to qualify Feb. 17 and report Mar. 15.

The report of the viewers on the Tribbey macadam road in Posey township was filed, but no action was taken by the commissioners. It

is understood that the commissioners decided to go ahead and advertise for bids in the Hungerford road on the Rushville-Walker township line, which was refused by the board several years ago, to see if it could be built for the original estimate, \$5,700. The county surveyor is of the opinion that it can not be constructed for that sum now.

HUGE HOAX WORKED.
ON GERMAN SPIES.

(By United Press.)

London, Jan. 18. (By Mail)—True spy yarns which make works of fiction insignificant are gradually being unfolded by the British secret service. One of these shows how Great Britain put over a huge hoax on German spies and their government.

At the outbreak of war the English channel was unprotected by mines and submarine barrages. Neither was it possible to take the necessary precautions in time and the Admiralty feared that if once the enemy was aware of this lack of defense they would seek to make immediate use of their U-Boats.

So a keen-eyed admiralty official detailed a plan, showing how effectively the channel could be mined. The plan was given to a pretended British traitor, who took it to a German agent, known to the government.

With much secrecy the "traitor" told the German that the Admiralty had succeeded in mining the channel.

The agent asked for proof and the "traitor" let him have a glimpse of the detailed plan. Finally the German offered \$3,500 for the plan. The offer was accepted.

Every facility was then secretly given the German agent to get the plan to Berlin where the Government was so impressed with the "effective system" that it didn't attempt for a long time to invade the channel. By that time the British Admiralty had perfected its defense.

A railroad in England supplies toys for children taking long journeys to relieve the monotony of riding.

STATED MEETING

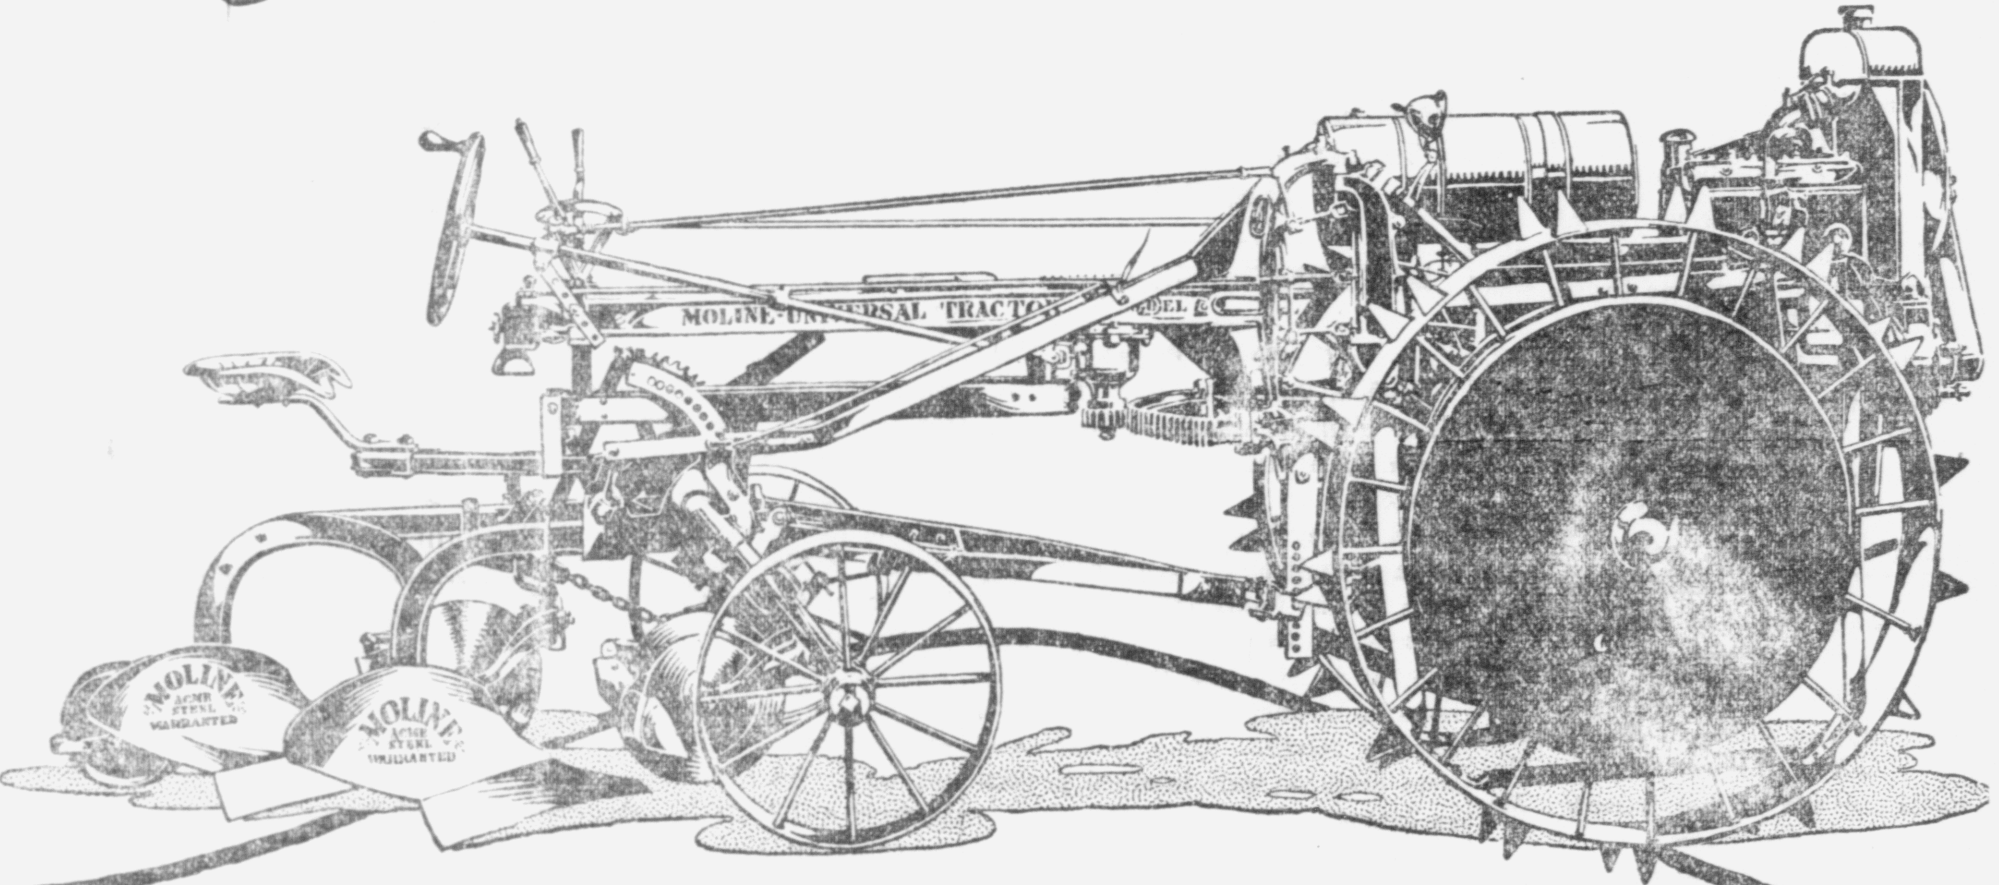

A stated meeting of Phoenix lodge No. 62, F. & A. Masons, will be held at the Masonic temple Tuesday evening at 7:30 o'clock. All members are urged to attend.

I. O. O. F. DEGREE WORK

Franklin lodge No. 35, I. O. O. F. will have work in the first degree on two candidates Wednesday evening. Important matters will be discussed and every member is urged to be present.

The Pastor's Aid Society of the Main St. Christian church, will give a penny supper in the basement of the church Wednesday evening, Feb. 12 from 5 to 7. Everyone cordially invited. 28155

Buy Your Moline Tractor Now

Because:

You may not be able to get a Moline Universal if you delay ordering.

You will help relieve spring congestion of shipping by buying now.

You will have plenty of time to become familiar with its construction and operation before the spring rush and will be able to work your tractor in on belt work and other light jobs.

It is the only tractor which does all farm work including cultivating.

One man operates both tractor and implement from the seat of the implement where you must sit in order to do the best work.

Tractor and implement form one unit—backs as easily as it goes forward—turns in a 16-ft. circle.

It has plenty of power for your heaviest work, yet light in weight to operate economically on light jobs. All the weight on two big drive wheels—no dead weight—no extra expense.

Substantially constructed for many years of service.

Electric lights for night work and self starter for non-robust labor.

You can practically double your efficiency—you can produce more food with less help. You will need it, order now.

TWENTY-ONE UNITED WITH CHURCH SUNDAY

Sixteen Acknowledge Christ at Com-
bined Morning Service at First
Baptist Church.

NO SERVICES FOR TONIGHT.

The evangelistic meeting given at
the Baptist church enjoyed the large
crowds yesterday at the three dif-
ferent services. The combined morn-
ing service was well attended, at the
close of which sixteen came forward
and accepted the call of Christ. At

the afternoon service, which was
special for the men, the Rev. Mr.
Renn paid a tribute to the late Cal.
Roosevelt. He spoke of Roosevelt as
a man of high ideals and classified
him as an exemplary American. At
4:30 a special service for the ordi-
nance of Baptism was given. At the
evening service the Rev. Mr. Renn
delivered a very enthusiastic address
on "Prodigal Sons and Daughters".
At the close of this meeting five peo-
ple joined the church.

There will be no services tonight,
but The Rev. Mr. Renn will return
from his home in Indianapolis to-
morrow and will preach tomorrow
evening.

Dr. King's New Discovery
almost never fails to
bring quick relief

Small doses once in awhile and that
throat-tearing, lung-splitting cough
soon quiets down. Another dose and a
hot bath before jumping into bed, a
good sleep, and back to normal in the
morning.

Dr. King's New Discovery is well
known. For fifty years it's been
relieving coughs, colds and bronchial
attacks. For fifty years it has been
sold by druggists everywhere. A
reliable remedy that you yourself or any
member of your family can take safely,
60c and \$1.20.

Train Those Stubborn Bowels
Help nature take its course, not
with a violent, habit-forming purga-
tive, but with gentle but certain and
natural-laxative, Dr. King's New Life
Pills. Tonic in action, it stimulates the
lax bowels. Sold by druggists. 25c.

Freeze this morning for delinquent
taxes, amounting to \$47.57. This
represents all of the delinquency on
real estate in Rush county in 1918.
Five of the pieces are located in
Rushville and the other one in Car-
thage. Will H. McMillin and Owen
L. Carr each bought two of the prop-
erties in Rushville and Shock Ceel
bought the fifth. The one in Carthage
was sold to Jesse Henley.

The buyers can not come into pos-
session of the real estate for a pe-
riod of two years, during which time
the original owners have the privi-
lege of redeeming it by paying delin-
quent and current taxes, as well as
a penalty of ten percent, which
goes to the persons bidding in the
properties at the sale. The success-
ful bidders, before they can get a
tax title to the real estate, must pay
the delinquent and current taxes and
advertising costs, which in this in-
stance amounted to forty cents on
each piece of property.

MISSION FUND TO BE INCREASED THIS YEAR

Local Presbyterian Asked to Raise
From 30 to 40 Percent More Than
Last Year.

PASTOR GOING TO CONFERENCE

Local Presbyterians are to be
asked to raise for missions from 30
to 40 per cent more than they did
last year. Part of the New Era
Movement of the denomination in-
volves the fixing of a budget for the
great mission and educational
boards of the church and a pledging
of these requirements by a house to
house visitation of each congrega-
tion during a week in March. De-
tails of what is required of the local
congregations will be explained Tu-
esday and Wednesday at a confer-
ence of Presbyterian churches of
the central west at Chicago.

The main conference will be held
in Fourth Presbyterian church,
Chicago, with smaller groups for
discussion of the problems and men,

and women and young people. Lead-
ers of the church will be on the pro-
gram for addresses. It is expected
that 600 or more Presbyterian pas-
tors and laymen and women from
outside Chicago will attend the ses-
sions. The Chicago conference is
one of twenty being held in various
parts of the country. Dr. D. Ira
Lambert will go to Chicago to at-
tend the conference as a represen-
tative of the local church and the
Whitewater presbytery.

The budget for the church totals
\$13,400,000 for missions and educa-
tion. This has been apportioned
among each church according to
membership and financial ability.

JOINT OPERATION OF RAILROADS PROPOSED

Big Four Brotherhoods Suggest
Scheme Where Government, Work-
ers and Officials Would Share

FOR A GUARANTEED RETURN

(By United Press.)

Washington, Feb. 10--Government
ownership of railroads with opera-
tion jointly by the government, work-
ers and officials, was proposed yester-
day by the Big Four brother-
hoods. Their plan was outlined to
the senate interstate commission to-
day by Glenn Plumb. The bill pro-
vides four principals:

Government ownership with guar-
anteed interest return, probably 4
percent.

Creating of an operating corpora-
tion with capital to be controlled
by a board of directors, one-third to
be named by labor, one-third by
railroad officials, and one-third to be

named by the president of the United
States.

Wage disputes to be adjusted by
a committee organized one the same
basis.

Profit sharing by employees out of
the net revenues, one-half to go to
the government.

Rates to be lowered when govern-
ment shares exceed five percent of
gross operating revenue.

Days Pickings

Policeman Marshall Newhouse is
confined to his bed, suffering from
the gout.

Bert Ormes of East Second street,
who is quarantined with the small-
pox, is reported as improving fast.

Mrs. E. A. Lee, of West First
street who has been ill for several
days, suffering from a heart attack,
is reported as improving.

There were about fifty men who
wrote on the examination for rural
mail carrier, which was held at the
post-office, Saturday afternoon.

The Penninsular Stove company
has filed suit in the circuit court
against Jesse E. Creed on an ac-
count, for \$100.

The fire department answered an
alarm last night at the home of
John Merideth, the fire being caused
by a defective flue. The damage was
slight.

The defendant has filed an offer
to for \$70 in the damage suit of
John Gray against the I. & C. trac-

tion company, for \$200, in the cir-
cuit court.

A marriage license was issued to-
day to Miss Ina E. Richey, daughter
of Mr. and Mrs. Adam Richey of this
county, and Albert V. Rockafellow,
a salesman of Blue Ridge, Rocka-
fellow is the son of Dr. Will A.
Rockafellow of Laughery, Ind.

The funeral services of L. H. Dar-
nell, father of Mrs. Leslie R. Gray
of Orange, who died at Indianapolis
Saturday, were held at the late resi-
dence yesterday. Mr. Darnell was
a high official in the Masonic lodge.
The widow, two sons and two
daughters survive.

In proportion to its population,
Switzerland spends more on poor
relief than does any other country.

HAVE COLOR IN CHEEKS

Be Better Looking--Take
Olive Tablets

If your skin is yellow--complexion pallid
--tongue coated--appetite poor--you have
a bad taste in your mouth--a lazy, no-good
feeling--you should take Olive Tablets.

Dr. Edwards' Olive Tablets--a substitute
for calomel--were prepared by Dr. Edwards
after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely
vegetable compound mixed with olive oil.
You will know them by their olive color.

To have a clear, pink skin, bright eyes,
no pimples, a feeling of buoyancy like
childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the
liver and bowels like calomel--yet have
no dangerous after effects.

They start the bile and overcome consti-
pation. That's why millions of boxes are
sold annually at 10c and 25c per box. All
druggists. Take one or two nightly and
note the pleasing results.

MONUMENTS

The MAUZY Co.

Society

Invitations have been received here for a Bridge party to be given by Mrs. O. H. Bradley and Mrs. Roll Miller, both formerly of this city, at the home of the former in Newcastle.

* * *

The Sexton Missionary society will meet Wednesday afternoon instead of Tuesday afternoon at the home of Mrs. George Kendall in Sexton.

* * *

The Ladies Aid society of the Pleasant Ridge M. E. church will hold their regular monthly meeting with Mrs. George Goddard at her home west of the city Wednesday afternoon.

* * *

Mrs. C. M. George will be hostess for the Sorosis club Tuesday afternoon at her home in North Main street.

* * *

The Pastor's Aid society of the Main Street Christian church will meet tomorrow afternoon at 2:30 o'clock in the parlors of the church.

* * *

The members of Mrs. John Boyd's Catch-My-Pal class of the First Presbyterian church will meet tomorrow evening with Miss Edith Osborn.

* * *

Mr. and Mrs. Alvah Junken and family, north of the city, had as their dinner guests Sunday the Rev. Matthew Small and daughter Isabell and Miss Helen Custer of near Crawfordville.

* * *

The Shakespeare club which was reported to have a meeting tonight, will not meet until next Monday night, February 17, in the public library room of the court house.

* * *

Mrs. Frank Sample will entertain the members of the Methodist Ladies Aid society tomorrow afternoon at her home, 830 North Morgan street. She will be assisted by Mrs. Adie Baxter and Mrs. Amos Baxter.

Mr. and Mrs. Grant Thomas of near Milroy entertained a number of their friends at a pitch-in dinner yesterday at their home near Milroy. The guests were Dr. and Mrs. John Francis, Mr. and Mrs. Dora Jackman and son Lawrence and Miss Leah O'Neil of this city.

* * *

Jack Epstein entertained in royal fashion the members of the Harmony club and a few specially invited guests, Sunday evening, at the home of Mr. and Mrs. Will Trennepohl, in Buena Vista Avenue. A duck dinner was served at six o'clock.

* * *

Mr. and Mrs. Fred Martin of Falmouth entertained yesterday with a dinner party in honor of the birthdays of their daughter Janet, and Frank McCrory. The table was decorated with a basket of fruit and covers were laid for Mr. and Mrs. John McCrory and daughter Sylvia, Mr. and Mrs. D. P. Rea, Mrs. Elizabeth Morris, Mr. and Mrs. William Martin and daughter Ruth and son Thomas, Mr. and Mrs. Frank McCrory and daughters Helen and Francis, Mr. and Mrs. Verne Smith and daughter Lillie and son Ray. In the afternoon Mr. and Mrs. Henry Knotts were also guests.

* * *

Mr. and Mrs. Fred Lightfoot of Raleigh entertained at dinner Sunday Mr. and Mrs. Holly Hall, of Lewisville, and Mr. and Mrs. Edson Aiken. The afternoon was spent socially and with music.

* * *

Mrs. Maria Smullen delightfully entertained a number of her friends at dinner yesterday, at her home in Raleigh. The guests were Mr. and Mrs. B. F. Martin and son Franklin, Mr. and Mrs. Wilson Dobins and daughter Cloe, Mr. and Mrs. Charles Elwell, Mr. and Mrs. John Smullen and son Charles, of Bentonville, and Mr. and Mrs. William Jackson.

* * *

The French Class of the Christian Sunday school will meet with Miss Albert Allen at her home in West Eleventh street tomorrow evening at 7:30 o'clock.

* * *

Mr. and Mrs. James Moore entertained yesterday with a pretty appointed dinner party in honor of Miss Helen Strickland of Eau Claire, Wisconsin, at their home in East Eleventh street. The centerpiece for the table was a basket of fruit and covers were laid for the Misses Helen Strickland, Edna and Stella Gibson, Ozro Farthing, Charley Frazier and Frank Schaffer.

* * *

The Boy Scouts troop No. 2 of Falmouth gave a supper last Saturday night at which they cleared \$100.00. A cake on which votes were sold for the most popular young lady, brought \$40.80, Miss Jane Burrenberger being the winner. The proceeds will be used to buy uniforms for the boy scouts.

* * *

The Psi Iota Xi sorority will meet with Mrs. Will Carter at her home, 930 North Main street, tomorrow evening. All members are urged to be present and to bring their money for dues, as important business will be discussed.

* * *

Mr. and Mrs. Walter Capp living south of the city entertained, the following guests Sunday with a pretty appointed dinner party: the Misses Gladys Wallace and Leah Flint and Mrs. Beatrice Carter.

oats I sewed hems; but I felt with a glow, "when I get home I know folks will think all my clothes Paris gams."

But alas and alack, now that I am come back I feel like a rube, and a jay. When I go on the street calves seem most indiscreet for the folks here aren't dressing that way.

When the dames first limped by in these skirts I did cry "What a lot of brave girls have been hurt. Perhaps at the front, frying doughnuts—some stunt—they were shelled!"—but it was only the skirt all so narrow and long wrapping around like a throng that hampered their poor tootsies so. They hobble and crawl and scarce move at all. They don't seem to have any "go."

Some skirts I see here have a slit in the rear like an old time Directoire gone wrong, but whether they're slit a lot or a bit, they're all very narrow and long.

If these skirts I adopt, my free strides must be stopped and a way straight and narrow I'll tread where I once used to prance short of skirt in dear France. I'll hobble down Broadway instead. And I can't go to town till I do let mine down, for I hate to be different you know, yet to follow this style sure will take me some while, for to do it one needs must go slow.

There's another change queer between Paris and here that my first startled vision did greet. It's the vamps long and thin New York's put her foot in. They have simply howled me off my feet.

The Parisienne cramps all her toes in short vamps and her shoes are as short as her clothes. They are suede or kid shiny and round toed and tiny with a contour quite like a snub nose. But with long pointed toes Miss Manhattan goes, she has worn these long vamps a long spell. If she turned up her toes they would sure graze her nose, if she didn't turn that up as well.

Then here too the shoes help to shut off the views. They are wearing them higher, to boot. While, in Paris, they're mad over low shoes. This fad shows a length of silk hoisery cute. Twixt the ankle and knee there is beaucoup to see, and the

Short In Paree — Long In New York

(By MARGARET ROHE)
(Written for United Press.)

Will someone kindly tell me (If anybody knows) Is New York leading Paris, Or vice versa, as to clothes? New York, Feb. 10—I'm just from Paree where they're wearing you see the shortest of dresses and frocks, so when I landed here I felt queer on the pier—the long skirts all gave me such shocks.

On the Rue de la Paix and the boulevards gay the skirts were as high as could be. When I came away it was not thought au fait unless yours were up to the knee.

Why, I sat up at night just to shorten my right. Instead of wild

girls there aren't stingy a bit, but stingy and near seem the girls over here with high shoes and long skirts close of fit.

Believe me, my dear when the boys get back here they'll find lots that differnt I wiss. Most folks think strong drink they will crave most. I think that the wine isn't all they will miss.

VOTE FOR HIGHWAY BILL

Wabash, Ind., Feb. 10.—A mass meeting of farmers and merchants of Wabash County voted practically unanimously in favor of the passage of the state highway commission bill as it now stands by the legislature. Telegrams recording the result of the vote on the bill were sent to Senator C. O. Signs and Representative John Winesberg.

OPPOSITION HAS NOT BEEN REMOVED

Tax Bill to be Center of Bitter Fight When it Comes up For Final Action.

FARMERS ARE INDIFFERENT.

If Present Bill is Defeated Administration is Making Plans to Push Excise Bill Again.

Indianapolis, Ind., Feb. 10.—Opposition among legislators to the proposed tax bill has not been entirely removed by the amendments recommended by the house Judiciary A committee, and the measure will be the center of a bitter fight when it comes up for final action.

It was reported today that the administration is making plans to push the excise tax bill again, if the tax bill now pending should be defeated. The excise tax measure was the cause of one of the bitterest fights in the 1917 session of the General Assembly.

Farmers who had opposed the bill now pending, appear to be indifferent to the measure now since the provision for starting the assess-

ment on Jan. 1 instead of March 1 each year, was eliminated.

A great deal of opposition to the original measure was based on the 75 percent deduction which would have been allowed on intangibles. This was advocated as a means of bringing a great deal of property which has escaped taxation in the past through failure of owners to report it at assessment time, out of hiding. As a further encouragement to those who may be concealing property, the original bill would have granted clemency to all those who have concealed property in the past. This was also eliminated.

Banks, trust companies, building and loan associations and such organizations have not relaxed their opposition to the bill. The measure would give the state board of tax commissioners power to assess these institutions.

When the bill is ready for final action, the greatest opposition will center on the claim that it gives the tax commissioners too much power, and that the cost of assessment and collection of taxes under the measure would be too high.

Under the bill, the tax commissioners would be given direct control over county and township assessors, with power to remove any one who fails in performance of his duties.

PLANES TO CARRY FOOD IN FRANCE

French Government Decided to Install an Airplane Service to Feed Inhabitants.

OF REDEEMED DISTRICTS.

Will be the Most Gigantic Scale on Which Airplanes Have Ever been Used.

By HENRY WOOD.
(U. P. Staff Correspondent.)

Paris, Jan. 1. (By Mail).—The French government has decided to install an airplane service to feed inhabitants of the redeemed districts of northern France until railways destroyed by the Germans in their retreat can be restored.

With 200 airplanes at least 200,000 people of the stricken provinces can be fed daily, it is believed this number of planes could carry 100,000 pounds of flour, 10,000 pounds of sugar, 10,000 pounds of butter, 30,000 pounds of vegetables and 10,000 pounds of condensed food.

While this will be the most gigantic scale on which airplanes have been used for feeding a country, yet the system is not entirely new.

During the war it was successfully used by the British in carrying food to their troops in Mesopotamia, Palestine and Macedonia. In November, 1917, during the French offensive against the Chemin des Dames, it was used by the Germans. A detachment of their troops, completely encircled, was kept supplied with food by airplanes that dropped baskets containing bread, krait, canned meat and other supplies.

Still later, during the Italian offensive on the Piave, Lord Cavan, in charge of the 3d army, fearing that after his detachments got across the river, the bridges might be blown up and the troops cut off from supplies, arranged to feed them by airplanes. In this case it was planned to drop the packages of food by means of small parachutes let loose from the airplanes. Although every preparation was made to this end, the English and Italians were fortunately able to keep the bridges across the Piave and the lines of communication open.

For the airplanes that will be necessary for the new service for feeding the north of France, the French government will first of all make use of its own bombing machines. After this it expects to be able to utilize not less than 100 planes turned over by Germany under the terms of the armistice. In addition, France hopes that both England and the United States will place at her disposal a number of their bombing machines now lying idle in France.

Vital as the new service will be for feeding the north of France, it also will help solve the problem of the gradual transformation of the military aviation service for peace times.

G. R. Ogden, of Shinnston, W. Va., says: "I have used AVALON FARMS HOG-TONE 56 days and I think it is the best medicine I ever used. I have two pigs 4 months and 3 days old that weigh 360 pounds, one 6 pounds heavier than the other. They are 100 pounds heavier than my neighbor's 2 of the same litter and feed."

This is the experience of a typical user of Hog-Tone. There are hundreds and hundreds of letters on file at the Avalon Farms Company's office from nearly every state in the Union, all telling of big improvement in hogs and in hog profits through the use of Hog-Tone, the scientifically prepared Hog Conditioner, Fattener and Worm Remover. Hog-Tone is sold on 60 days' Free Trial under an absolute money-back guarantee. Come in the store and tell us how many hogs you have in your herd and we will give you enough Hog-Tone to treat all of them 60 days. You don't have to pay for it unless you are absolutely satisfied. The decision is left entirely to you.

IT COSTS YOU NOTHING NOW TO TRY 60 DAYS' TREATMENT OF

BASKETBALL IN STATE SPOTLIGHT

275 Teams to Complete in 20 Sectional Meets—tournament to be Held at Purdue.

CHIEF HIGH SCHOOL SPORT.

There is Practically Little Football, Little Track and Less Baseball Played Now.

(Special to the Daily Republican.)

Lafayette, Ind., Feb. 10.—Basketball is the premier high school sport in Indiana. There is practically no football, little track and less baseball. But there is scarcely a high school in the state, whether it be situated in a city, town, hamlet or crossroads, that is not represented by a basketball squad in which the entire populace in the community in which it plays is not interested.

With the sectional tournament, to be held in twenty Indiana cities, looming up a little more than a month off, the enthusiasm of the basketball fans is running rampant, and it is predicted that this will be a banner year in the annals of the great high school sport.

March 7 and 8, 275 basketball teams will play at Anderson, Bedford, Huntington, Columbus, Crawfordsville, Franklin, Indianapolis, Martinsville, Kendallville, Kokomo, Frankfort, Rochester, Newcastle, Richmond, South Bend, Gary, Vincennes, Washington, Brazil, and Lafayette. The following week the twenty sectional champs will compete in the ninth annual tournament which will be held at Purdue University, Lafayette, to decide the champion high school basketball team in Indiana, which is a great honor since high school basketball in Indiana compares favorably with the brand of basketball played by the high school quintets in any state in the union.

While the coaches and players of the teams in every section of the state are hard at work conditioning so as to make the best possible showing at the district tournaments, great plans and preparations are being made at Purdue University to provide board, lodging and entertainment, for the sectional champs and the hundreds of fans who will be here to witness the games in what promise to be the biggest and best-state tournament in the history of the classic.

Four railroads, the Big Four Monon, Wabash, and Lake Erie and Western, two interurban lines, the Indianapolis and Eastern, and the Fort Wayne and Northern Indiana run through Lafayette, and there are adequate facilities, making the Star City an ideal place to hold the state tournament. The various fraternities plan to care for the visiting basketball quintets and there will be plenty of room, with excellent place at which to dine, for all visiting fans. The Purdue University Memorial gymnasium, where the tournament will be held, is modern and fully equipped and a student committee has been appointed to co-operate with the athletic department at Purdue to insure the success of the meet.

JUDGE SAYS DIVORCES MEAN A BETTER WORLD

Says World is Getting Better, Citing Increasing Number of Divorce Cases as Proof.

OPINION OF JUDGE CRAIL.

(By United Press.)

Los Angeles, Cal., Feb. 10.—The world is getting better. The increasing number of divorces is the proof. That is the opinion of Judge Chas. Crail, of the Los Angeles divorce court.

Spread of education, increased prosperity enabling common people to hire lawyers, and publicity are the real reasons behind the increasing divorce rate, Crail believes.

"The question coming up all the time is what is the cause of the greatly increased rate of divorce cases," he declared addressing a meeting of Christian ministers. "It is the result of two things."

"First the increasing of wealth of the people and their education. In

years past law and lawsuits were the privilege of the few. The result is we have a great many people now who can afford the advantages of the divorce court who could not in the past.

"Second, many people know of the divorce court by reading about it on the front pages of the daily newspapers, who once knew little of divorce."

"Don't think the greater number of divorce cases indicates the world is getting worse. I believe it is getting better."

BATHROOMS ARE BUSY.

(By United Press.)

Paris, Jan. 14. (By Mail)—The big rush to Paris with the cramming and jamming of hotels is not without its tragedies. There is for instance the matter of baths if you do not happen to be fortunate enough to have a room with a bath at your hotel.

Here's one story.

"I'd like a bath at 8 tomorrow morning," said an American as he turned in for the night.

"Oui, Monsieur," countered the night clerk, but the next morning there was no announcement that the bath was ready.

The American took it as a French oversight, but that night asked again.

"If you can't remember it for in the morning, 'I'll take it now,'" said the American as he had a happy thought.

The man on the desk staggered. He was sorry but Monsieur couldn't have a bath then.

"Why not?"

"Well, to tell the truth," came the explanation, "a captain has the bathroom engaged as sleeping quarters. Yesterday when you wanted your bath, he wasn't up yet. Tonight I am sorry, but he has just gone to bed. Tomorrow possibly."

Two days later the American caught the captain out of bed and had his bath.

Daily Health Talks

GOING BACK TO NATURE.

BY DR. W. LUCAS.

People get sick because they go away from Nature, and the only way to get well is to go back. Something grows out of the ground in the form of vegetation or cure almost every ill. Some of these vegetable growths are understood by man, and some are not. Animals, it would seem, know what to do when they are sick better than men and women. Observers have noted that a sick horse, dog or cat will stop eating food and seek out some vegetable growth in the field or yard, which, when found and eaten, often restores appetite and health. Haven't you seen these animals do this very thing yourself?

Dr. Pierce, of Buffalo, N. Y., long since found the herbs and roots provided by Nature to overcome constipation, and he had these vegetables collected and made up of Mayapple, leaves of Aloe, root of Jalap, into little white sugar-coated pills, that he called Dr. Pierce's Pleasant Pellets. You must understand that when your intestines are stopped up, poisons and decayed matter are imprisoned in your system, and these are carried by the blood throughout your body. Thus does your head ache, you get dizzy, you can't sleep, your skin may break out, your appetite declines, you get tired and despondent. As a matter of fact, you may get sick all over. Don't you see how useless all this suffering is? All that is often needed is a few of Dr. Pierce's Pleasant Pellets, which he has placed in all drug stores for your convenience and health. Try them by all means. They are probably the very thing you need right now.

MULTIPLIED BY THREE

And often times the case will be four or five times. Such will be the result by having us dry clean and press your garments at regular intervals. Our process scientifically lengthens the wearing ability, besides adds a great deal to the personal appearance of the wearer.

GET THE FULL VALUE FROM YOUR GARMENTS BY HAVING US DRY CLEAN THEM.

I, Edw. V. Jackson, the trustee of Washington township, Rush Co., Ind., do solemnly swear (or affirm) that the preceding report of Receipts, Disbursements, Balances, and Account is true and correct, as I verily believe; and I further declare that the sums which I am charged in this report are all of the sums received by me, and that the various items of expenditures credited have been fully paid in the sums stated, and without express or implied agreement that any portion thereof shall be retained by or paid to me or any other person. And I further declare and swear, that I have received no money, nor article of value, in consideration of any contract made by me as Trustee of this Township.

EDW. V. JACKSON, Trustee of Washington Township.

Yanks Lost Hats in Paris.

(By United Press)

Paris, Jan. 24. (By Mail)—On the second night of the celebration in connection with President Wilson's arrival in Paris, there was scarcely an American soldier—office or man—with a hat. The girls, rollicking on the boulevards, developed a sudden craze for American hats and caps as souvenirs. They swept down upon American, regardless of rank, snatched their hats and sped away, or made them forget the hats under a bombardment of kisses.

There's a rear admiral who is said to have been seen chasing one boulevard beauty 2 blocks to recover his gold-leaf covered cap. Mabe the rear admiral would deny it, but anyhow it is said he kissed 25 girls to get the cap back, it being the only one he had.

Mrs. Cora Kilborn succeeded her husband as sheriff of Harper county, Texas, following his death recently.

Ugly, Unsightly Pimples

Are Signals of Bad Blood

Give heed to the Warning. Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drugstore, and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

GRAND TOTAL TO DATE IS 236,428

Casualties Reported Today by Commanding General of Expeditionary Forces Number 1929

FORTY-SIX INDIANA MEN

Seven Hundred and Seventeen Listed as Wounded Slightly in Combined List Today

Washington, Feb. 10.—The total number of casualties to date, are: Killed in action (including 381 at sea), 31,186; died of wounds, 12,987; died of disease, 19,045; died from accident and other causes, 2,757; wounded in action, 159,279; missing in action (including prisoners,) 11,183. Total to date, 236,428.

The following casualties are reported by the commanding general of the American Expeditionary forces for yesterday and today: Killed in action, 31; died from wounds, 15; died of accident and other causes, 19; died of disease, 91; died in aeroplane accident, 2; wounded severely, 474; wounded, degree undetermined, 563; wounded slightly, 717; missing in action, 17. Total, 1929.

Forty-six Indiana men were listed today:

Wounded severely—Private Carl Aubrey, Henryville; Corp. John J. Livingston, Switz City; Private Benjamin E. Edwards, Richmond; Private Clayton Tibbett, Lyons; Private Roman Jos Vosmeier, Richmond; Private Hovey M. Beardsley, Winslow; Private Damon P. Honhson, Indianapolis; Private Hey Farley, Evansville; Private Frank Lexlie, Indianapolis; Private Thomas O. Loutner, West Baden.

Killed in action—Private Harry Mead, Elwood.

Died of disease—Sergt. Bert R. Freese, Harrodsburg; Master Signal Engineer Bryant E. Vankirk, Vincennes; Private Harrison Reynolds, New Marion; Private Rudolph D.

Let MERIT Decide

Every man or woman who sets out to purchase a motor car is anxious to secure the particular automobile which for the amount of money invested represents not only the best value on the market, but also the most suitable and satisfactory car from the standpoint of the buyer's own fancy and needs. For years the OAKLAND motor car has championed the interests of the buyer by making possible the more intelligent selection of an automobile. We have constantly advised intending purchasers to let real merit decide the question of which car to choose and have given every assistance in the way of facts and information. Summed up the OAKLAND sensible six meets all the needs of motor car users better than other cars of anywhere near its cost, having those qualities which make it the most economical and practical car built, giving true comfort, convenience and service. It is a six-cylinder car of medium price. It has a small bore, high speed, overhead valve engine. It is a light weight, high-powered with 44 horse power for only 2130 pounds weight in the touring model. It has a greater proportionate power for weight in all models than any other car built, with one exception—a car which sells for approximately \$4000. It has extra large tires for its weight (32 x 4 inch, large enough for 2900 pounds weight) giving high tire mileage of 8000 to 12,000 miles. It has extra long springs for genuine riding ease, unusual roomy body with wide seats and large doors, low center gravity for safety and comfort.

It has distinctive engine features, giving high power with economy (18 to 25 miles per gallon of fuel); overhead valves, positive force feed oiling system, with drilled crank shaft, removable cylinder head, heated intake manifold, efficient biplane fan. It has deep, strongly reinforced frame with body set directly on frame and running boards bolted to it, giving strong, rigid construction. It is built in four models which satisfy majority of tastes: Touring car, roadster, five passenger sedan, and four passenger coupe.

Roadster and Touring Car Model \$1075.

Four Passenger Coupe and Five Passenger Sedan \$1650.

FEWER SICK SOLDIERS

Washington, Feb. 8.—Hospital reports from the expeditionary forces show there were 95,962 sick and wounded soldiers on January 16, a net decrease of 97,486 from the total on December 19. The total for January comprised 67,293 soldiers incapacitated from disease and 28,669 from injuries.

The South African Geographical Society has been recently formed.

INDIANA ALL-ROUND TRACTOR The World's Tractor

HERE IS a one-man, single-unit, two-wheeled tractor that weighs no more than one large horse and does the work of four horses.

It really replaces horses—does work horses do and saves \$450 a year under horse costs. Saves also the wages of one man.

The Indiana is used with horse implements—the ones that you already have on your farm. Requires no special and expensive hitches—no special equipment.

It is just the right size and power to plow, drill, harrow, cultivate, mow, rake, pull a binder, etc. There is no excess weight, and no waste fuel.

This is the right tractor for big and little farms. It is superior in every detail of construction. It is low in price. Sold by the Indiana Silo Company, makers of the world's largest selling and most popular silo—a company whose products and fair business methods every farmer knows.

Ask us to show you the tractor and give you all the facts.

Will be ready to demonstrate in about a week.

EARL B. WINSHIP

Rushville, Ind.

NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County. In the Rush Circuit Court, Nov. Term, 1918. *Aima Perrell vs. Charles Perrell.* Complaint No. 1754. Now comes the plaintiff, by C. W. Duncan, attorney, and files her complaint herein, together with an affidavit, that the residence of the defendant, Charles Perrell, is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant. Notice is therefore hereby given said defendant that unless he be and appear on the 20th day of March, A. D., 1919, at the Court House in Rushville in said county and state, and answer or demur to said complaint, the same will be heard and determined in his absence. In witness whereof, I have hereunto set my hand and affixed the seal of said Court at Rushville, this 25th day of January, A. D., 1919. GEO. B. MOORE, JR., Clerk. Jan 27-Feb 10-17

NOTICE TO NON-RESIDENTS.

The State of Indiana, Rush County. In the Rush Circuit Court, February Term, 1919. *Roscoe Leforge, as executor of the will of Ida Pond, deceased, vs. Mary C. King, et al.* Complaint No. 1764. Now comes the Plaintiff, by Douglas Morris, his attorney, and files his complaint herein, together with an affidavit of plaintiff that defendants in said cause, to-wit: Cassius C. Pond, Vernis Gustin, Wilda Southard, Benjamin H. Gustin, Mattie Scott, Ella P. Smith, Blanche Nelson, the unknown heirs of Ida Pond, the unknown devisees of Ida Pond, the unknown legatees of Ida Pond are not residents of the State of Indiana; that said action is for selling real estate of Ida Pond deceased to make assets to pay her debts, and that said non-resident defendants are necessary parties thereto. Notice is therefore hereby given said defendants that unless they be and appear on Friday, April 4th, 1919, at the Court House in Rushville, in said county and state, and answer or demur to said complaint, the same will be heard and determined in their absence. Witness my name and the seal of said court, affixed at Rushville, this 10th day of February A. D., 1919. GEO. B. MOORE, JR., Clerk. Feb 10-17-24-Mar 3

OFFICIAL WAR FILM
WILL BE SHOWN HERE

American Submarine Chaser is Pictured Sinking Hun Sub-Sea Boat in "Under 4 Flags"

ISSUED BY THE GOVERNMENT

The sinking of a German submarine by an American U-boat chaser is faithfully depicted in the official government war picture, "Under Four Flags," which will be shown at the Mystic theater Wednesday, matinee and night. This is only one of the many thrilling incidents which visualizes the manner in which the allies overcame the Huns.

In this bit of war realism the trail of the Hun submarine is plainly shown, and the ripple made by its periscope can be distinctly followed. Overhead is a hydroplane, which drops a bomb upon the trail of the undersea pirate, while darting back and forth is a big sub-chaser.

One is able to follow the maneuvers of the chaser pilot. He does not approach too close to the quarry; he is teasing the enemy. The submarine submerges. Suddenly the chaser turns, makes a wide sweep and then darts straight an arrow, with the speed of an express train, directly over the sub and drops a depth bomb.

BREAKS RECORD IN COUNTY

Poston-Daubenspeck Sale Yields \$20,034.84 New High Mark

The Rush county record for public sales was exceeded Saturday by \$3,500. A few years ago the Charles Leisure estate sale set the record with \$13,400. This record was broken by the Daniel Brown estate sale which amounted to \$15,500, and last March this record was broken by the

rather with an affidavit of plaintiff that defendants in said cause, to-wit: Cassius C. Pond, Vernis Gustin, Wilda Southard, Benjamin H. Gustin, Mattie Scott, Ella P. Smith, Blanche Nelson, the unknown heirs of Ida Pond, the unknown devisees of Ida Pond, the unknown legatees of Ida Pond are not residents of the State of Indiana; that said action is for selling real estate of Ida Pond deceased to make assets to pay her debts, and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendants that unless they be and appear on Friday, April 4th, 1919, at the Court House in Rushville, in said county and state, and answer or demur to said complaint, the same will be heard and determined in their absence. Witness my name and the seal of said court, affixed at Rushville, this 10th day of February A. D., 1919. GEO. B. MOORE, JR., Clerk. Feb 10-17-24-Mar 3

O. J. Short sale, which netted \$16,500. Saturday the Poston-Daubenspeck exceeded all previous records by \$3500, netting \$20,084.84.

Practically all this material was sold in three hours by Glen (Dusty) Miller, one of the most competent auctioneers to be found anywhere.

WEAKNESS REMAINS
LONG AFTER
Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate, Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Oleoresin Capsicum, Kolo.

PUBLIC SALE

For sale, at Arlington, Ind., on Thursday, Feb. 13, at 12:30 p. m. 1200 black locust fence posts also 50, 10 foot locust end posts and other merchandise. W. W. Townsend. 2824f

OIL INSPECTION TO BE TAKEN CARE OF

Sen. Negley Bill Provides for Continuation of This Department Until September.

HOUSE BILL IS PASSED.

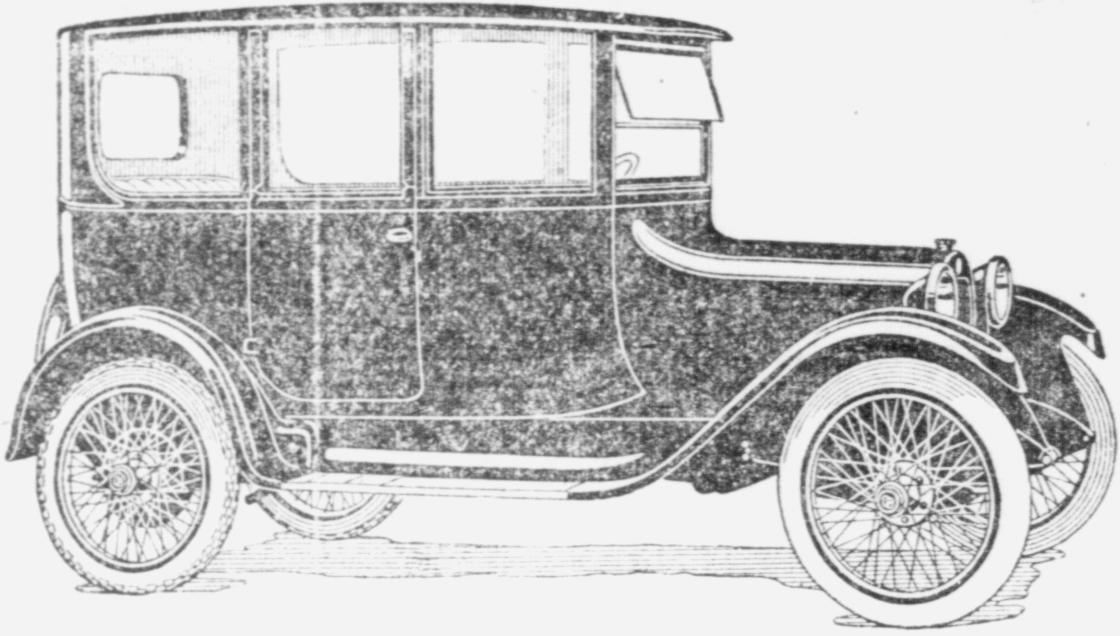

Plans Made to Place it Under Supervision of Food and Drug Administration After Sept.

Indianapolis, Ind., Feb. 10.—The legislatures are arranging to take care of the oil inspection in the state through two bills which are now before the two houses.

Senator Negley introduced the bill in the senate, while a similar measure was presented to the house, to provide for continuation of the oil inspection department as at present constituted until next September. This will allow the oil inspectors appointed by Gov. Goodrich to collect the fees until that time.

The house bill was passed and is now before the senate, thus holding up the Negley measure.

After next September, it is the plan of the administration to place the oil inspection under the supervision of the state food and drug department.

DODGE BROTHERS
CLOSED CAR

has many features that are unusual in a car of so moderate a price and represents a combination of refinement, efficiency and equipment that is of more than ordinary interest to the intended purchaser. There has been a genuine interest in building the highest quality at a moderate cost to the purchaser.

The **DODGE SEDAN** represents all of these features and we would like to have the opportunity to show you this car.

Don't Let Worms Kill Your Hogs

Free intestinal and stomach worms are those that do not attach themselves to the intestines or stomach. Worms which attach themselves to the stomach or intestines are properly called "Blood Suckers" and nothing will expel the "blood sucking worms" after they are formed.

The Thorn Headed Worm is a "blood sucker" and nothing will expel them after they are formed. They have a mass of thorns or hooks about the head and not only attach themselves to the intestines, but bury the head into and clear through the intestines. THE THORN HEADED WORM can be positively prevented by feeding **ACME WORM BOUNCER** from birth to maturity.

For Skin Tortures

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The F. W. Rose Co., Cleveland, O.

A bill to this effect was introduced by Senator Duncan. It provides for a salary of \$1,000 addition for the state food commission for taking care of the oil inspection.

He may appoint additional inspectors who shall serve as deputies. Fees which could be collected would be 25 cents for a single barrel or cask; 15 cents for each barrel or cask up to ten; 10 cents for each barrel or cask up to fifty and 4 cents for each barrel or cask in excess of fifty.

These measures, which will probably receive favorable action in both houses, will likely settle for all time the oil inspection question in the state.

LEARN HOW THEIR SON WAS WOUNDED

Marshall Innis is Killed by Shrapnel Which Struck Him in the Stomach

LETTER FROM HIS CAPTAIN

Mr. and Mrs. Wade Innis of Milroy have received word to the effect that their son Marshall, lived nine days after he was wounded by shrapnel in the bowels. He was hurt October 20 and died on the 29th. The letter was written by Captain Grady O'Hair, commanding officer of the machine gun company of the One Hundredth and Thirtieth infantry, the organization to which the Milroy boy belonged.

In describing the manner in which Private Innis was killed he says: "My company was occupying the front line area, which location is known as Hill No. 372, Woeyre sector, sub-sector 'Connecticut,' France. This village is just about two miles from the village of Fresnes, France.

"On October 20th, there was a concentrated shelling by the enemy around our positions. The fatal shell struck squarely in a tree at a point right above a point where a number of our men were standing, outside their dugout. The flying shrapnel wounded thirteen men, including your son, Marshall, who unfortunately was struck in the stomach. He was taken to the hospital with the other men, and from direct information I understand that he died shortly after. I regret that I am unable to give you the exact date of his death or the place of burial, but you will receive that information from the hospital sources in due time."

The captain praises Private Innis for the work he did, saying that he sacrificed his life for the greatest cause possible.

BLANKS WILL BE READY BY MAR. 1

Taxpayers Will Have Only Fifteen
Days in Which to Make Income
Tax Returns

BILL IS PRACTICALLY A LAW

One or More Agents Will be Sent
Here to Aid in Filling Out Blanks
—No Time Extension

With the new government internal revenue bill practically a law since the report of the conferees has been approved by both branches of congress, those who will be affected by its terms will find it possible to get blanks for making returns under the law some time between February 15 and March 1. The forms for the tax returns are being printed and will be in the hands of the collectors by the first of next month, according to an authorized statement by Peter J. Krayer, internal revenue collector for this district.

The internal revenue bureau has been making preparations before the bill became a law, to collect the taxes, and is now putting and all of its efforts into aiding taxpayers to fulfill their obligations. Deputies and agents will be sent out to aid taxpayer, and at least one may be expected here between the first and fifteenth of next month. Taxpayers are warned that it is their duty to take the initiative and seek out the agents; not wait for them to give the needed advice and assistance in preparing returns.

The day the conferees made the report on the revenue bill, Secretary of the Treasury Glass announced there would be no general extension of time beyond March 15 for the filing of returns and for the payment of income and excess profits taxes due on that date. The collectors will adhere strictly to this ruling.

"It is necessary to get the initial tax payments in by March 15th," says Commissioner of Internal Revenue Roper. "No other course is possible. Some months ago, the Treasury issued certificates of indebtedness to an amount approximating \$800,000,000, maturing March 15th. The first payment of the Income and Excess Profits Taxes for 1918 was planned for that date, to meet this huge obligation.

"The American people have proven that there is an emergency too great to meet and solved by co-operation. This present situation is another emergency which can be overcome by co-operative effort. The Bureau extends its every force toward this end, and I am relying upon the people to meet the situation wholeheartedly.

"The Internal Revenue Bureau must carry out the programme prescribed in the new law, which requires the first quarterly payment or the entire payment to be made on or before that date.

"Every taxpayer who can possibly do so is urged to make full payment of his income on or tax before Mar. 15th. The quarterly payment method is intended for taxpayers whose financing of the tax at one time would tend to upset local financial conditions."

CIVILIANS ATTACK TROOPS.

Berlin, Feb. 10.—A mob of 400 civilians attacked government troops who were searching for arms today. They had overpowered and disarmed the troops when help arrived. Five persons were killed and twelve wounded.

SON IS IN GERMANY.

James Tarplee received word today that his son, Arnold G. Tarplee, is stationed at Neuweid, Germany, just above Coblenz, with the American army of occupation. The letter from his son also contained the information that he was commissioned a second lieutenant last November. Lieut. Tarplee is in the quartermasters corps.

AUTO RUNS INTO A BUGGY

Darnell Car Tears Front Wheels Off
John Gibson's Vehicle

A car being driven by the son of John Darnell, going east in Second street, collided with a buggy being driven by John Gibson Saturday afternoon. The front wheels of the buggy were torn completely up but no one was injured. The damages were paid by Mr. Darnell. Mr. Gibson was driving north in Main street and did not see or hear the approaching machine until it was too late to avoid the accident. Mr. Darnell blew the horn repeatedly, and when the accident could not be avoided, the breaks were applied but did not hold.

SUFFRAGE AMENDMENT ONCE MORE DEFEATED

Fails to Win Two-Thirds Vote in
Senate Today, Making Fourth
Victory For Those Opposed

WATSON AND NEW VOTE AYE

(By United Press.)

Washington, Feb. 10.—For the fourth time the United States senate today defeated the resolution to submit a woman's suffrage constitutional amendment to the states. Senators Watson and New of Indiana voted in favor of the resolution.

The vote proved a bitter disappointment to suffragettes who had counted on President Wilson and other leaders to pull southern democrats into line.

The vote was 55 for suffrage and 29 against it. But as the ayes did not have two-thirds of the vote they were defeated. Today the defeat means practically that nation wide suffrage for women must wait for a long time it being impossible to get another vote this session. Even if many southerners proclaimed suffrage the next session the resolution will have to go through the house, making it rather difficult in spite of the republican control, because of the many new members. However, suffrage leaders said immediately after the vote that they will prepare another campaign at the next session.

Thirty-one Republicans voted for the measure and ten against it while 24 democrats voted in the affirmative and 19 in the negative.

LIFE OF ROOSEVELT EULOGIZED IN PULPITS

Tribute Paid to Ex-President in
Memorial Services Held in
Many Churches Sunday

NATION-WIDE OBSERVANCE

The life of Theodore Roosevelt was eulogized in the pupils of Rush county yesterday as a part of the nation-wide observance of Roosevelt memorial day. It was the rule in nearly all of the churches to hold a special memorial service commemorating the life and deeds of the ex-president, in the morning.

The Rev. L. E. Brown spoke at the Main Street Christian church Sunday morning on the topic, "God Sent Men," using the life of Roosevelt as an example. Dr. J. M. Walker, district superintendent, spoke at the Roosevelt memorial service at the St. Paul's M. E. church in the morning. The day was observed in various churches throughout the county.

The Salvation Army, in common with all corps throughout the country, paid tribute to Roosevelt with a special service last night at the Army hall. A. L. Gary was the speaker.

RED CROSS PEACE PROGRAM PUBLIC

First Request From Local Chapter
Will be Collection of Cloth-
ing For Poland

RELIEF WORK FOR BALKANS

Large Quantities of Supplies Ac-
cumulated For War Needs Are
Being Transferred

Now that the transition from the war to the peace basis has about been accomplished, the Rush county chapter of the American Red Cross will be called on to undertake collection of clothing, shoes and blankets for the liberated people of Poland.

Word to this effect has been received in publicity matter by the Lake division of the Red Cross, but local officials of the chapter have no official word of what the peace program of the Red Cross will be.

The appalling conditions in Poland call for immediate Red Cross help, it is stated. Requisition made by Russia, Germany and Austria have diminished the number of cattle and hogs in Poland by more than half. Soil productivity has been reduced in similar portions. No drugs or medicines have gone to Poland since the beginning of the war and outbreaks of cholera, typhus, smallpox and trachoma, have used up the original supply. Recently a way has opened up for the extension of Red Cross work in this country where it is so desperately needed.

Relief work will be in behalf of the entire population of Poland without discrimination. Boris Borgen, representing the joint distribution committee for relief of Jewish sufferers will accompany the commission to Poland with a view to consolidate the work of his commission with that of the American Red Cross.

The Red Cross peace program contemplates extensive work in the Balkans where present distress is acute. A force of Red Cross workers has already been recruited from the Red Cross personnel in France and Italy. Large quantities of supplies accumulated for possible war needs are being transferred. In this way Red Cross help may save thousands of lives before the next harvest time and prevent in some measure extreme misery among the people.

In North and South Serbia, where the food situation is grave, the Red Cross is already at work. The work in Greece, calls for one hundred and fifty tons of supplies a week to be shipped on Greek ships allotted to the Red Cross.

In Russia, where tens of thousands are starving in cities cut off from supplies and communication, Capt. Lively just returned from the Kila Expedition reports that he reached about six thousand people just in time to prevent starvation in some cases.

The Red Cross transition period from war to peace is almost over. With the appointment of Dr. Livingston Farrand and the resignation of the War Council which becomes effective March 1, a new and even greater era of service to humanity opens for Red Cross workers all over the world, it is declared.

ROOSEVELT CANAL PROPOSED

Washington, Feb. 10.—Renaming of the Panama canal "Roosevelt Canal" as a memorial to Col. Roosevelt, was proposed in a resolution introduced in the senate by Sen. Smoot, Utah.

REFUSES GERMAN DEMAND

Berlin, Feb. 10.—The Polish government has refused the German demand for withdrawal of its troops from the province of Posen and has called all Poles of military age to the colors for defense of that territory.

DRAFT IS READY FOR SUBMISSION

Committee Preparing Constitution of
League of Nations to Continue
in Session

ADDITIONS ARE PROBABLE

Associated Powers Expected to Pro-
claim Policy of Non-Interven-
tion in Russia

(By United Press.)

Paris, Feb. 10.—While the constitution of the league of nations has been provisionally completed, the committee which prepared the draft will continue in session to take up possible amendments and additions before submission to the general peace conference, this week, it was announced today. The committee ordered the draft reprinted it will be in shape for President Wilson to read to the conference.

The associated powers are expected within a few days to proclaim the principal of non-intervention in Russia, military as well as political, it was learned from a reliable source today. They will carry out their intent to withdraw troops now on Russian territory.

This is the outcome of the Anglo-American representation made to France ten days ago.

Advices from northern Russia indicate that it will be impossible to get boats to Archangel for several weeks as that port is tightly frozen in.

The allies do not desire to withdraw from Murmansk while their troops are still on the Archangel front that would leave the latter exposed to an attack from the west.

Before the joint conference convenes it is believed that an understanding may be reached by the Soviet government and the associated powers regarding cessation of hostilities.

The supreme war council is reported to have reached a decision that it was necessary to impose more severe conditions on Germany for the renewal of the armistice because of Germany's attitude toward the fulfillment of her obligations. Decisions are also said to have been reached for the control of German demobilization and of the production of plants formerly engaged in producing war material.

It is expected that the means for securing the execution of the conditions laid down will be reached at today's meeting of the council.

The economic council has taken

Continued on Page Two

SEEK TO PREVENT BOLSHEVIKISM HERE

Several Members of Both Houses of
Legislature Have Bills Against
The Menace

SOME STRINGENT PROVISIONS

(By United Press.)

Indianapolis, Ind., Feb. 10.—That the legislature will take steps to prevent the spread of bolshevism in Indiana was indicated today when several of the leading members of both houses had prepared bills that adopted stringent provisions against bolshevism.

Representative J. Frank Knoll had a bill prepared which would provide severe punishment for any one advocating anarchy, overthrow of the government, abrogation of the constitution, for display of the red flag or other symbols of anarchy or for advocating sabotage.

The bill provides that on first conviction a fine up to \$12,000 and a sentence from two to fourteen years in the penitentiary may be imposed and for a second offense, the penitentiary sentence may be increased to 35 years.

COLORED CHOIR IS PRAISED

Gives Entertainment Observing
Freedman's Aid Society Day

The choir of the Second Methodist church was enthusiastically applauded for its entertainment at St. Paul's M. E. church last night in observance of Freedman's Aid Society day. Each number on the program was well received by the audience which filled the church. The address by the pastor of the Second church, the Rev. E. W. S. Hammond, on the work of the society, in which he extolled the Freedman's Aid for the uplift of the colored race, was very much appreciated. A liberal collection was taken and turned over to the Second church.

HEALTH CRUSADE IS STARTED TODAY

Tournament Between Children to
Raise Health of Childhood of
Country, Launched Here

RANKS WILL BE CONFERRED

The nation wide tournament between children, following the banner of the modern health crusade, in country, city and town schools throughout the country, began this morning in this county. All school children in the county are enrolled for the contests, which include health exercises and daily health chores, that are intended to raise the childhood of America to a health basis undreamed of a few years ago. Supt. J. H. Scholl is in charge of the city schools and County Supt. C. M. George has charge of the out-of-town schools.

Prizes of various sorts are given in the health crusade contest and successful children who make certain grades in their accomplishments are given the ranks of pages, knights, esquires and knight banners. Pennants will also be given to the schools having the highest record. Health cards on which pupils keep their records, were distributed last night.

The Indianapolis schools have adopted this plan and are having good results, the children are taking an interest in the work. This crusade is being given all the support possible by the societies for the betterment of child health. The Indianapolis schools have approximately 22,000 children enrolled.

MAJOR DOLPH HUMES ARRIVES FROM FRANCE

Former Rush County Man, Who Has
Been With Base Hospital No.
32, Reaches States

REST OF UNIT MAY BE COMING

Major Charles Dolph Humes, a native of Rush county, is one of three majors of Base Hospital No. 32 who have landed at Newport News, according to a telegram received in Indianapolis yesterday by Major Humes' wife.

Major Humes is the son of John Humes of west of New Salem and a brother of Elmer Humes of this city. He went to France with the base hospital as a captain and was promoted while in the service overseas. At one time it was authentically reported that Major Humes had been offered the superintendency of a famous French hospital for the treatment of nervous diseases, but he declined the offer.

There is no positive proof that the other officers, enlisted men and nurses of the hospital unit have sailed for the States, although it has been reported that they would soon leave. Neff Ashworth and Russell Kirkpatrick of this county are with the unit.

MANY MEASURES WELL ON THE WAY

Much Progress Made in Indiana
General Assembly, Especially
During The Last Week

AMENDMENTS PROGRESSING

Oil Inspection and Child Labor Bills
Among Important Ones to be
Considered This Week

(By United Press.)

Indianapolis, Ind., Feb. 10.—When both houses of the legislature met this afternoon, they found many of the important measures to come before the present session of the General Assembly, well on their way through the legislative mill.

Much progress was made, especially during the last week, on important measures, after a slow start had been made.

All of the administration amendments to the constitution, including the woman suffrage amendment, have made progress. Several of them are now ready for final action in the house and practically all have been passed by the senate.

The tax bill and the highway commission bill during the last week were revised to conform with the ideas of committee members having the measures in charge. Although both measures undoubtedly will be the subject of considerable discussion, it is believed they would be passed in substantially the same form as reported.

The conservation commission bill, which is recognized by administration leaders as one of the most important of the session, will soon receive decisive action in the house.

One of the big fights of the present week's session is expected tomorrow afternoon in the senate when the upper house will attempt to settle the oil inspection controversy.

Another important bill which will receive consideration is the Daimun shot firers measure. The house committee on mines will meet tonight to take up the bill, which has already passed the senate.

The child labor bill will be one of the important measures to receive consideration in the house this week. The measure, since being amended to make its clauses more drastic, has been the center of considerable opposition.

The bill raises the age limit to 14 years for children who may be employed by canning factories from June 1 to Oct. 1. The former limit was 12 years.

Allowance was made for children to work on Saturdays and Sundays, when school is not in session, in certain occupations.

The chief point of the bill is that it requires children to have eight instead of five years of schooling, before they are given a permit to work when from 14 to 16 years of age.

Steel mills and other factories working in metals are classed as 'hazardous' and children are prohibited from working in them. The state industrial board is given jurisdiction of classifying other industries as dangerous and prohibiting children from working in them.

Girls under 18 years of age are not allowed to work nights as messengers for telegraph companies nor at night in theaters.

WEATHER FOR WEEK

Washington, Feb. 10.—Snow or rain Monday night or Tuesday and again at end of week, otherwise generally fair; nearly normal temperatures, except somewhat below about middle of week.

BANKS WILL BE CLOSED.

Banks will be closed all day Wednesday in observance of Lincoln's birthday, a legal holiday. The day is not observed at the postoffice and the usual hours will be followed.

FOYERS IN FRANCE.

Four departments of the French Government have asked the American Y. W. C. A. to open social and recreation centers for girls employed by them—Finance, Commerce, War and Labor.

Lieutenant Poncet of the Ministry of Labor recently requested that this Y. W. C. A. work be begun for girls in his offices after seeing the social and recreation centers which had been opened at the request of the Ministry of War. Sixteen centers of this kind are operated in six cities in France. Three of them are in Paris.

The last of these Foyers des Alliees is for girls who are working in the Department of Labor. It is far down the Seine, under the shadow of the Eiffel Tower, and overlooks the Quai d'Orsay. The rooms are bright and cheerful, with chintz hangings and cushions, comfortable chairs, reading and writing tables and a fireplace. A kitchen has equipment so that girls can prepare meals for themselves. They go to the foyer for their two hour luncheon time, for social evenings and for classes in English.

WOMAN IS FOUND DEAD

Westport, Ind., Feb. 10.—Mrs. Margaret Bradburn, 70 years old, was found dead on the floor of her home Saturday. There was a bruise on her head, probably caused by her striking a stove as she fell in the night. She leaves two children, Mrs. Ezra Underwood of Brewersville and Frank Bradburn of Flatrock Cave.

Where Methodist Eyes of the World Will Center Next June and July

Glimpse of Magnificent Exposition Grounds at Columbus, O., being prepared for a display of Methodist activities from all parts of the globe. Inset shows Dr. D. D. Forsyth, Philadelphia, Chairman of the Joint Centenary Committee of the M. E. Church.

COLUMBUS, O.—(Special).—Methodist ministers and laymen to the number of several thousands are getting their concrete notions of what the Methodist Centenary Celebration, to be held here June 20 to July 7, will be like. Attending a special regional meeting, at which men like Bishop Wilson, R. A. Ward and Fred B. Fisher of New York; Bishop McDowell, Washington; Bishop Warner, India; S. Earl Taylor, director general of the celebration; D. D. Forsyth, Philadelphia; C. F. Reischer, New York; Edgar Blake, Chicago, and R. S. Cushman, New York, are speakers, they have still enjoyed an opportunity to visit the exposition grounds where for weeks past work has been in progress preparing for the tremendous celebration for which it is expected that more than 100,000 Methodists will journey to Columbus from all parts of the United States.

The spacious buildings already provided by the state of Ohio are being modified and extended to meet the peculiar needs of the Methodist Celebration. This will visualize to pastor and laymen the work of the church at home and the work of the church abroad. Here will be seen, with all the fidelity and detail of a world exposition, the natives of all the countries in which the Methodist church operates as a missionary force. Here, too, will be set forth all the work in this country. Essentially the entire world of Methodism will be brought to Columbus and displayed in its original colors and with all the circumstance and surrounding of its various habitations on the globe.

Two special pageants are being planned and many lesser ones. A climax of the celebration will be a symbolic representation of the drawing together of all the nations of the earth through the gospel of Christ.

In order to care for the throngs that are certain to be in attendance an extensive bureau already has been organized. Registrations and reservations already are being made for interested Methodists throughout the United States.

H. B. Dickson, organizing secretary of the Centenary Celebration, occupying two entire floors of a large office building, with the intricate corps of assistants to take care of the work.

DRAFT IS READY

FOR SUBMISSION

Continued from Page One

rank next in importance to the society of nations commission. Its membership will be announced soon, and it will get to work immediately thereafter. It will have charge of food supplies, shipping, blockade and possible financial questions. It has been suggested that this council may become permanent and assume an immense authority, though it probably would be necessary for the congress of the United States to approve such functions if continued after the signing of a definite peace treaty.

Even if limited in existence to the transitory period between war and peace, the American delegates expect that the council will be a great aid during the uncertain armistice period in the solution of economic problems.

ADM. WILSON HAS PNEUMONIA

Washington, Feb. 10.—Vice Admiral Wilson, in command of the American forces in French waters, is ill with pneumonia following the influenza. In a cablegram received today it was reported his condition is serious but not critical. A latter announcement reported him as improving. Wilson planned to come home on the New Mexico as convoy for the president.

BRANDS CHARGE FALSEHOOD

Washington, Feb. 10.—Branding Frances Heney's charge as a "vicious, dishonorable and an unprovisional falsehood," Levy Mayer, counsel for Armour and company today denied that he tried to bribe Heney at the recent senate packer's inquiry.

FOR EVADING DRAFT

Lawrence, Mass., Feb. 10.—J. Kaplan, secretary of the general committee of the striking textile workers here, was arrested today, charged with evading the draft law by failing to register.

Ten tons of guava jelly sent to French hospitals by women of the Porto Rican chapter were so welcome that the Red Cross commission cabled for more. The reply was that 30 tons of jelly and several tons of marmalade were being prepared.

BUY THRIFT STAMPS

MESSAGE TO Y. W. C. A. FROM FRANCE.

I must express to you the very great satisfaction and most sincere gratitude of the French Government for the service rendered to the women working in Government factories through the establishment of Y. W. C. A. Foyers des Alliees (clubrooms for munitionettes).
These foyers have been an excellent means for bettering the physical conditions and the morale of our workers. They have been constantly used by the women workers, who have found there new elements of dignity and social education.
I must thank you for bringing this to pass, and I hope that Y. W. C. A. work will not disappear with the war, but will be carried on in order to develop the principles of social solidarity which it has inspired.
(Signed) M. LOUCHER.
Minister of Arms and Munitions Manufacture.

NURSES PRODUCE WILD WEST PICTURE SHOW

Entertain Roumanian Countess at American Show in France.

Picture shows are being put on in France without cameras, scenery or any of the necessary properties, according to reports reaching the National Y. W. C. A. from a Y. W. C. A. nurses' but in a Base Hospital.

Having no film or camera, the nurses at Base decided to put on a living picture show and invited a group of nurses from a nearby hospital to be the audience. It was a real thriller, one of the wild and woolly west variety, with bucking bronchos and wild rides on broom and mop horses.

Imagination supplied the scenery, with the exception of placards, which announced "the sun" when it was supposed to be shining or "cacti" when the cow punchers rode across the desert.

Countess Vacaresca of Roumania, who had been talking to the nurses on conditions in the German courts at the time she was lady-in-waiting to the Queen of Roumania, was the most appreciative of all the guests.

Dried white mulberry is one of the principal articles of food in Afghanistan.

SCIENCE MAKES THEM DURABLE

So—There's No Save You Save Money

"I have been wearing my shoes with Neolin Soles nearly a year, and they are apparently in as good condition as when I bought them."—Written August, 1918, by W. H. C. Officer, A.E.F., France.

Only Neolin Soles could endure a test like this. That they do so is because of the tough durability built into them by a scientific process. To cut your shoe bills down, buy shoes with these long-wearing soles. They come in many styles for men, women, and children.

Remember—Neolin Soles are flexible and waterproof, too, and are available everywhere for re-soleing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

—Mrs. Hubert Thomas of Shelbyville was the guest of Mrs. Grant Gregg of this city today.

—Mrs. Charles Green and children spent the week end in Indianapolis as the guests of friends and relatives.

—Joe Cannon of Camp Knox, Kentucky, formerly of this city, was the guest of friends here over Sunday.

—Sergeant Homer Roberts of Camp Taylor, Kentucky spent the week end with friends at New Salem, returning to camp this morning.

—Miss Lois Reeve spent the week-end in Oxford, Ohio, as the guest of Miss Katherine Giffin, who is attending Western college.

—Dr. J. M. Lee has located his office in the rooms formerly occupied by Dr. Tucker in North Morgan street, in the Poundstone building.

—Odie Price arrived Saturday evening for a visit with relatives here. He was recently discharged from the service at Mitchell Field, Mineola, Long Island.

—Mrs. Earle Hamilton and daughter Margaret Jane, of Greensburg, are spending the week in this city as the guests of her parents Mr. and Mrs. Grant Gregg.

—Misses Valetta Walton, Margaret Cooning, Mildred Kirk and Marion McBride, Merle Winkler and Forest Jackson attended the dance and oyster supper at Glenwood Saturday night.

—Harold Pearce has arrived from Washington, where he was discharged from the ordnance department, after having seen overseas service. He landed in New York about ten days ago.

—Jerome Caron, who has been discharged from the service at Camp Sherman, Chillicothe, O., is visiting his uncle, Ed Wallace, and wife, at Bicknell, Ind. before coming on

home. He has recovered from the effects of a wound, which he received in action in France, and for which he has been taking treatment at the base hospital at Camp Sherman.

WATSON TELEGRAPHS EULOGY ON ROOSEVELT

Indiana Senator Sends Statement to be Read at Memorial Meeting Held at Gary, Ind.

MOST VERSATILE OF THE AGE

Washington, Feb. 10.—Senator James E. Watson sent a message to Gary, Ind., to be read at the Roosevelt memorial meeting there.

"Col. Roosevelt was possessed of a physical and intellectual persistence that carried him to the limit in everything he undertook," wrote Watson. "When he believed a thing it utterly possessed him. He was, by the vehemence of his nature, a partisan. He was either for or against, and whichever way he went it was with tremendous power. He had none of the soft concealments. To engage his mind was to enlist his whole being, and then he acted with all the fiery ardor of his soul. By reason of his scholarship, his industry, his versatility, his courage, his patriotism, I look upon him as easily among the great men of his generation. He was indeed the most versatile man of his time."

PRISONERS OF WAR ATTENDED SCHOOL

Organized a University, any Man Teaching any Subject That he Knew Well.

NOW ARRIVING IN LONDON.

(By United Press.)

London, Jan. 18. (By Mail).—Many civilians who have been interned in Austria are arriving in London.

While they have many tales to tell of their hardships, they say they were not so badly treated as those interned in Germany. Many were allowed to continue their occupations in Vienna, others being sent to country villages. Only those who were destitute were interned in prison camps.

At the village of Karlsten civilians of all nationalities who were interned organized a "university"—any man teaching any subject he knew well. Here they were able to study motor engineering and torpedo construction, and they also had an excellent opportunity for learning various languages.

WILL FIX GAS HEAT STANDARD FOR STATE

Committee to Make Survey of Indiana Companies to Gather Data For This Purpose

TO SET STANDARDS OF RATES

(By United Press.)

Indianapolis, Ind., Feb. 10.—The gas heat standard committee making a survey of the artificial gas plants in Indiana, will make tests this week at the plant of the Northern Indiana Gas and Electric company at Crawfordsville and next week at the plant of the Huntington Light and Fuel company.

The results of those tests, together with data already collected by the committee, will be used to formulate a standard of gas service and rates, in a recommendation to the public service commission.

The tests will determine the quality of gas which can be produced by the Indiana concerns, with the equipment they are now using and the kinds of coal obtainable.

BILL AGAINST BAD EGGS

Indianapolis, Ind., Feb. 8.—The Indiana Egg & Poultry Association and the National Egg Dealers' Association will urge the members of the legislature to pass the proposed bill against marketing eggs which are unfit for common use, according to Dr. H. E. Barnard today. Heavy penalties are provided for in the bill.

Amusements

Pauline Frederick at Princess

If your sweetheart proved false to you and while professing love to you, made love to another, would you poison him? This is the problem which Dolores, a Creole girl, the character portrayed by beautiful Pauline Frederick, in her newest Paramount photoplay, "A Daughter of the South," which is being shown at the Princess tonight, is called upon to solve. This is only one of the many interesting incidents which the authors of the admirable photoplay have crowded into their story.

Dolores is a self-willed young beauty, with strong American ideals, who rebels against being sold to a wealthy suitor for whom she has little if any affection. When she meets a novelist while praying in church, she looks upon him as the answer to her prayers and instantly showers upon him the wealth of her love. But this chap is erratic to say the least, and when Dolores discovers that he is betrothed to another, her hot Latin blood prompts her to resort to poison as the only means for revenging herself upon him for his perfidy.

But it happens that a kind fate intervenes, but how, the picture itself shows best. It is sufficient to say that Dolores does not become a murderess, but on the contrary, finds love and happiness. The story of "A Daughter of the Old South," is, exceedingly thrilling and its heart appeal is exceptionally strong.

Tuesday Dorothy Dalton will be on the program in "Vive La France." This is a picture which will hold interest from start to finish. Wednesday Norma Talmadge will be shown in "The Heart of Wexona," and Friday and Saturday D. W. Griffith's big spectacular production, "Hearts of the World," will be the offering.

New Serial Begins

"The Lure of the Circus," a serial photoplay, filled with dramatic action and enacted by genuine circus folk, will start at the Mystic theater tonight. "Fan Fan," scenes of which are land in Japan, supplemented by a Mutt and Jeff comedy, will be the attraction for tomorrow night. "Under Four Flags," said to be the best war picture yet issued by the government, will be shown Wednesday.

Eddie Polo is starred in "The Lure of the Circus," and is supported by his wife, who thrilled audiences in Barnum and Bailey's circus for seven years by her feats in mid-air, and other noted recruits from the sawdust ring, including two professional clowns from the Sells-Floto circus.

In this sensational serial of the sawdust ring, love, and big business, the atmosphere of the circus has been preserved in its entirety. You see charming horsewomen and daring riders, including beautiful Eileen Sedgewick, leading woman for Polo, the side show, parades, glittering chariots, ferocious beasts of the jungle and everything else that goes to make up a complete traveling organization.

"The Lure of the Circus" is a picture with thrills galore. It was conceived in a spirit of appreciation of the superior ability of circus performers to perform thrilling aerial and tumbling feats. Veterans of the Big White Top whose names are bywords throughout the world have been engaged to make this picture and patrons are promised one of the most sensational offerings in motion pictures.

MRS CHARLES BERGEN DIES

Mrs. Charles Bergen, age sixty-five years, mother of Chester Bergen of New Salem, died at her home three miles east of Clarksburg Friday night at seven o'clock of heart trouble. In addition to Chester, she is survived by one other son, Oscar, who lived at home, her husband and one daughter, Mrs. William Kelley of near Springhill.

Red Cross commissions for the relief of Roumania and Montenegro have been organized.

Thought I Had Consumption

ANNUAL REPORT ON EXTENSION WORK

It Gives Excellent Resume of Indiana's War-time Food Production Record.

COUNTY AGENTS LED DRIVE.

Work Could Not Have Been Accomplished Without The Cooperation Of Farmers.

Lafayette, Ind., Feb. 10.—The seventh annual report of the department of agricultural extension of Purdue University, which is just off the press, gives an excellent resume of Indiana's war-time food production record. The extension forces, with county agricultural and home demonstration agents led the drives for increased production in various lines, which contributed in a big way toward the winning of the war.

"This work could not have been accomplished if we had not had the hearty co-operation and support of farmers throughout the state," said T. A. Coleman, acting superintendent of extension work.

The report shows that thirteen projects were taken up, the U. S. Department of Agriculture co-operating and supplying a large part of the funds to make the work possible. The various subjects on which work was undertaken follows:

Organization of co-operative agricultural extension work; county agent work; home economics work; farm poultry and egg management; farmers' short courses; animal husbandry demonstrations; soils and crops demonstrations; dairy production demonstrations; weed and plant disease control demonstrations; boys' and girls' club work; farm management demonstrations and rural engineering.

The report points out the 25 percent increase in wheat acreage sown last fall; the 20 percent increase in the number of brood sows in the fall of 1917 and the increased amount of

work last summer and this winter as a result; the increase in dairy products, poultry and eggs; great growth in the back yard garden movement; planting of unusually large acreage of corn the last two seasons in spite of serious seed situations, and many other features of a similar nature.

In addition to these points, thousands of farmers throughout the state co-operated with county agricultural agents and men sent from the extension department, in demonstrating better methods in feeding and handling livestock, better methods of handling soil so as to increase crop production, and the control of plant diseases which cost farmers of the state many millions of dollars annually by reducing crop yields.

"Through the co-operation of the Department of Agriculture it was possible to unify all forces, thus eliminating duplication of effort and securing for the people of the state a large and valuable service," the report concludes.

FIFTY-FOUR I. W. W.'S ARE TO BE DEPORTED

Special Train Passes Through Chicago, Heavily Guarded, For Atlantic Port

STRIKE LEADERS AMONG THEM

Chicago, Feb. 10.—Fifty-four members of the Industrial Workers of the World passed through Chicago last night in a special train, under a heavy guard, on the way to an Atlantic port, for deportation at once by the immigration authorities. Forty of the prisoners came direct from Seattle, where it is alleged

they took part in fomenting the general strike which paralyzed the industries of that city for several days.

Three leaders of the Seattle strike, one Spokane agitator, an I. W. W. leader from Denver and five alien convicts arrested in Chicago were among the prisoners gathered into the federal net.

The majority of the men were alien labor agitators picked up by officers of the United States immigration service during the year of secret campaigning in industrial centers of the Pacific coast. A. D. H. Jackson, chief of the Seattle office of the immigration service, had charge of the party.

An inventor has combined an electric light wall bracket with a rack for hats and clothing.

Weak, Discouraged Wife

Advised by Friends to Try Vinol—What it Did For Her

Florence, S. C.—"I was in a weak, nervous, run-down condition, took cold easily, could hardly keep around and do my work—and was all discouraged. I had taken cough syrups and tonics without benefit, until a friend asked me to try Vinol—I gained rapidly by its use, so I am now in good health!"—Mrs. Adelle Wilkerson.

The reason Vinol was so successful in restoring Mrs. Wilkerson to health, is because it is a constitutional remedy, which enriches and revitalizes the blood and creates strength. F. B. Johnson & Co. Druggists and Druggists Everywhere.

Restriction of Immigration.

The immigration question should be taken up and considered by Congress at once.

We have had but little immigration during the four years of war. Now with conditions altered and peace at hand it is not unreasonable to suppose that after a few months immigration might begin to flow into its old channels.

Nearly four millions of our own men are in process of receiving honorable discharge from the army and navy, and will have to be reabsorbed into the civilian life of the country. Just how the readjustment of business may progress or how much employment there may necessarily be no one yet can tell.

We may not at once have jobs for all our own men. They have been our defense and in turn are entitled to our protection.

A restriction of general immigration for some time to come can harm no one, and may be of the greatest value to our young men. As soon as reconstruction has progressed far enough so that conditions can be foreseen, it will be an easy matter to let down the bars.

The time to attend to this limiting of immigration is the present. Just now no shipping can be spared for the use of immigrants, and before this condition ends proper legislation should be provided.

Our country has always been the refuge of all nations. It will be so more truly again after a temporary restriction to meet conditions.

Our National Game.

The restrictions on baseball have now been removed, to the pleasure of a very large proportion of our people.

The interest which is taken in professional baseball indicates the nation's healthful appreciation of clean sport. Baseball is the delight of American boys from the time when they can hold a bat. During the season every vacant lot bears a roughly worn baseball diamond and on Sundays and holidays is occupied by a party of muscular young fellows, gaining both health and recreation from the fresh air and exercise.

Not only does baseball train the body, but the mind as well. It requires quickness of eye and hand and immediate swift judgment. Every young fellow at a base must not only be prepared to catch a ball coming in his direction. He knows that the game, after he has caught the ball, may be made or marred by his instant disposition of it, so he must know without a second's hesitation what to do with it. No doubt many of our fine young marines at Chateau Thierry or doughboys in the Argonne forest were trained in vigor and quickness and resourcefulness by the national game.

That training is just as helpful toward the pursuits of peace. The business man needs both vitality and the power of instant decision.

Long live baseball. When you see a lot of kids busy after school hours with a bat and ball, don't find fault with their shouting! Remember that you are looking upon American citizens in the process of training and cast a kindly glance upon them.

Devastator Must be Restorer.

In Belgium and northern France is a strip of land from 12 to 50 miles wide and 150 miles long, within whose limits are to be found neither houses, barns, trees, shrubbery, stock, of any kind, grass nor arable land. The ground has been plowed up by great shells, and tons and tons

Sap and Salt

By BERT MOSES

A clerk with a bad breath is dear at any price.

Happiness is an ability to survive and forget trouble.

A farmer is a man who farms, while an agriculturist is a man who thinks he farms.

Most things have their ups and downs, but with taxes there is nothing but ups.

Going from public school to a job is preferable to going from private school to a college.

Hez Heck says: "I don't know anything quite so hard as for a beautiful woman to be pious."

In any contest between the man who eats too little and the man who eats too much, the gate receipts always go to the former.

of steel are buried in it. Its aspect might well be described as the "abomination of desolation."

Yet it is to this hopeless tract that refugees in thousands will come back. It is all that is left to them of home.

If the peace conference does its duty, it will require the nation which desolated this land to restore it. The great shells must be removed from the ground, earth and fertilizer brought in to make the land once more productive, homes and barns constructed, seed and agricultural machinery supplied.

Germany, the aggressor and devastator, must become the restorer.

The women of the British Empire were requested to make an offering of pearls to the Red Cross. The request was sent out last March, with the expectation that a necklace of valuable pearls might possibly be obtained. Nearly four thousands pearls are now on hand, ready to be sold for the benefit of the Red Cross. They aggregate forty-one ropes, and each pearl means an individual sacrifice and an act of love.

Gen. Pershing has cabled the war department to deny reports that mail to and from the America expeditionary forces has become congested at French rail heads. It may not be congested, but most certainly something happened to lots of it which never reached its destination. Almost every day another American fighter is heard from who has never received half, if any of the letters mailed to him from home.

A returned American flier says that if the war had lasted a few weeks longer, the allies would have bombed Berlin. It is too bad that the Huns did not get some of the medicine they doled out in such large doses on the French, but if it had to be administered at the expense of thousands of lives lost by prolonging the war, it is well that the Germans responsible for the punishment inflicted in air raids should be punished in another world.

We hear that Japan will be the next nation to "go dry". At that it will be better off than some of them, for it can drink its own tea.

Southern weather spent a great part of the winter in the north this year.

The Germans' polite farewell to Belgium consisted in the blowing up of twenty-seven steel mills. They are altogether too handy with explosives.

POINTS TO CONSIDER IN BUILDING HOSPITAL

(Contributed by a citizen of Rushville who has lived here for 24 years.)

TO MAKE TERMS OF PEACE LESS SEVERE

German Government May Use Spartacans as Means to Force Allies to Make Milder Settlement

MILITARY CLASSES CHANGING

(By United Press.)

Weimar, Germany, Feb. 10.—The German government may attempt to use the Spartacans as a weapon to force the allies into making the terms of the peace settlement less severe, according to reports today.

Government officials declared they will refuse to sign the treaty if its provisions are severe. They intimated that the government would resign while trying to gain control over all radical elements, which they believed would immediately create a chaotic condition.

Germany would thus not be able to pay any indemnities but it is not believed that government officials would menace the rest of Europe with threats of a Spartacan movement spread.

The attitude of the military classes in Germany has changed during the last two months from absolute depression to defiance of the general combination of the entente.

The change has been wrought, it is said, by "the lack of sympathy in the entente countries for the present

economic, social and political conditions in Germany."

The foreign office is seizing upon everything possible to protest to the allies their part of the general resistance. Count Von Bernstorff has joined the democrats and become the government's principal adviser of foreign affairs. He publicly accuses France of changing the boundaries of Lorraine.

Commissioners Find Petitions For Highways in Richland Township Sufficient

NO ACTION ON TRIBBEY ROAD

The petitions for three macadam roads in Richland township were found sufficient by the county commissioners Saturday afternoon and viewers were appointed as follows: Will Jay and John F. McKee for the William T. Moore road, to qualify Feb. 11 and report March 3; Harvey J. Catt and Homer Powell for the Gabe Hildreth road, to qualify Feb. 11 and report on or before March 15; William O. King and A. L. Kennedy, to qualify Feb. 17 and report Mar. 15.

The report of the viewers on the Tribbey macadam road in Posey township was filed, but no action was taken by the commissioners. It

is understood that the commissioners decided to go ahead and advertise for bids in the Hungerford road on the Rushville-Walker township line, which was refused by the board several years ago, to see if it could be built for the original estimate, \$5,700. The county surveyor is of the opinion that it can not be constructed for that sum now.

HUGE HOAX WORKED ON GERMAN SPIES

(By United Press.)

London, Jan. 18. (By Mail)—True spy yarns which make works of fiction unfolded by the British secret service. One of these shows how Great Britain put over a huge hoax on German spies and their government.

At the outbreak of war the English channel was unprotected by mines and submarine barrages. Neither was it possible to take the necessary precautions in time and the Admiralty feared that if once the enemy was aware of this lack of defense they would seek to make immediate use of their U-Boats.

So a keen-eyed admiralty official detailed a plan, showing how effectively the channel could be mined. The plan was given to a pretended British traitor, who took it to a German agent, known to the government.

With much secrecy the "traitor" told the German that the Admiralty had succeeded in mining the channel.

The agent asked for proof, and the "traitor" let him have a glimpse of the detailed plan. Finally the German offered \$3,500 for the plan. The offer was accepted.

Every facility was then secretly given the German agent to get the plan to Berlin where the Government was so impressed with the "effective system" that it didn't attempt for a long time to invade the channel. By that time the British Admiralty had perfected its defense.

A railroad in England supplies toys for children taking long journeys to relieve the monotony or riding.

STATED MEETING

A stated meeting of Phoenix lodge, No. 62, F. & A. Masons, will be held at the Masonic temple Tuesday evening at 7:30 o'clock. All members are urged to attend.

I. O. O. F. DEGREE WORK

Franklin lodge No. 35, I. O. O. F. will have work in the first degree on two candidates Wednesday evening. Important matters will be discussed and every member is urged to be present.

The Pastor's Aid Society of the Main St. Christian church, will give a penny supper in the basement of the church Wednesday evening, Feb. 12 from 5 to 7. Everyone cordially invited. 28155

Buy Your Moline Tractor Now

Because:

- You may not be able to get a Moline Universal if you delay ordering.
- You will help relieve spring congestion of shipping by buying now.
- You will have plenty of time to become familiar with its construction and operation before the spring rush and will be able to work your tractor in on belt work and other light jobs.
- It is the only tractor which does all farm work including cultivating.
- One man operates both tractor and implement from the seat of the implement where you must sit in order to do the best work.
- Tractor and implement form one unit—backs as easily as it goes forward—turns in a 16-ft. circle.
- It has plenty of power for your heaviest work, yet light in weight to operate economically on light jobs. All the weight on two big drive wheels—no dead weight—no extra expense.
- Substantially constructed for many years of service.
- Electric lights for night work and self starter for non-robust labor.
- You can practically double your efficiency—you can produce more food with less help. You will need it, order now.

TWENTY-ONE UNITED WITH CHURCH SUNDAY

Sixteen Acknowledge Christ at Com-
bined Morning Service at First
Baptist Church.

NO SERVICES FOR TONIGHT.

The evangelistic meeting given at
the Baptist church enjoyed the large
crowds yesterday at the three dif-
ferent services. The combined morn-
ing service was well attended, at the
close of which sixteen came forward
and accepted the call of Christ. At

the afternoon service, which was
special for the men, the Rev. Mr.
Renn paid a tribute to the late Col.
Roosevelt. He spoke of Roosevelt as
a man of high ideals and class-like
him as an exemplary American. At
4:30 a special service for the or-
dinance of Baptism was given. At the
evening service the Rev. Mr. Renn
delivered a very enthusiastic address
on "Prodigal Sons and Daughters".
At the close of this meeting five peo-
ple joined the church.

There will be no services tonight,
but The Rev. Mr. Renn will return
from his home in Indianapolis to-
morrow and will preach tomorrow
evening.

PROPERTY SOLD FOR DELINQUENT TAXES

Six Pieces, Five of Them in Rush-
ville and One in Carthage, are Bid
Off Today.

MAY BE REDEEMED IN 2 YEARS

Six pieces of real estate were sold
by County Treasurer Charles A.

DON'T LET A COLD KEEP YOU AT HOME

Dr. King's New Discovery
almost never fails to
bring quick relief

Small doses once in awhile and that
throat-tearing, lung-splitting cough
soon quiets down. Another dose and a
hot bath before jumping into bed, a
good sleep, and back to normal in the
morning.
Dr. King's New Discovery is well
known. For fifty years it's been
relieving coughs, colds and bronchial
attacks. For fifty years it has been
sold by druggists everywhere. A
reliable remedy that you yourself or any
member of your family can take safely.
60c and \$1.20.

Train Those Stubborn Bowels
Help nature take its course, not
with a violent, habit-forming pur-
gative, but with gentle but certain and
natural-laxative, Dr. King's New Life
Pills. Tonic in action, it stimulates the
lax bowels. Sold by druggists. 25c.

Franchise this morning for delinquent
taxes, amounting to \$47.57. This
represents all of the delinquency on
real estate in Rush county in 1918.
Five of the pieces are located in
Rushville and the other one in Car-
thage. Will H. McMillan and Owen
L. Carr each bought two of the prop-
erties in Rushville and Shook Cecil
bought the fifth. The one in Carthage
was sold to Jesse Henley.

The buyers can not come into pos-
session of the real estate for a pe-
riod of two years, during which time
the original owners have the privi-
lege of redeeming it by paying de-
linquent and current taxes, as well
as a penalty of ten percent, which
goes to the persons bidding in the
properties at the sale. The success-
ful bidders, before they can get a
tax title to the real estate, must pay
the delinquent and current taxes and
advertising costs, which in this in-
stance amounted to forty cents on
each piece of property.

MISSION FUND TO BE INCREASED THIS YEAR

Local Presbyterian Asked to Raise
From 30 to 40 Percent More Than
Last Year.

PASTOR GOING TO CONFERENCE

Local Presbyterians are to be
asked to raise for missions from 30
to 40 per cent more than they did
last year. Part of the New Era
Movement of the denomination in-
volves the fixing of a budget for the
great mission and educational
boards of the church and a pledging
of these requirements by a house to
house visitation of each congrega-
tion during a week in March. De-
tails of what is required of the local
congregations will be explained Tu-
esday and Wednesday at a confer-
ence of Presbyterian churches of
the central west at Chicago.

The main conference will be held
in Fourth Presbyterian church,
Chicago, with smaller groups for
discussion of the problems and men,

and women and young people. Lead-
ers of the church will be on the pro-
gram for addresses. It is expected
that 600 or more Presbyterian pas-
tors and laymen and women from
outside Chicago will attend the ses-
sions. The Chicago conference is
one of twenty being held in various
parts of the country. Dr. D. Ira
Lambert will go to Chicago to at-
tend the conference as a represen-
tative of the local church and the
Whitewater presbytery.

The budget for the church totals
\$13,400,000 for missions and educa-
tion. This has been apportioned
among each church according to
membership and financial ability.

JOINT OPERATION OF RAILROADS PROPOSED

Big Four Brotherhoods Suggest
Scheme Where Government, Work-
ers and Officials Would Share

FOR A GUARANTEED RETURN

(By United Press.)

Washington, Feb. 10—Government
ownership of railroads with opera-
tion jointly by the government, work-
ers and officials, was proposed yester-
day by the Big Four brother-
hoods. Their plan was outlined to
the senate interstate commission to-
day by Glenn Plumb. The bill pro-
vides four principals:

Government ownership with guar-
anteed interest return, probably 4
percent.

Creating of an operating corpora-
tion with capital to be controlled
by a board of directors, one-third to
be named by labor, one-third by
railroad officials, and one-third to be

named by the president of the Unit-
ed States.

Wage disputes to be adjusted by
a committee organized one the same
basis.

Profit sharing by employees out of
the net revenues, one-half to go to
the government.

Rates to be lowered when govern-
ment shares exceed five percent of
gross operating revenue.

HAVE COLOR IN CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion pallid—
tongue coated—appetite poor—you have
a bad taste in your mouth—a lazy, no-good
feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute
for calomel—were prepared by Dr. Edwards
after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely
vegetable compound mixed with olive oil.
You will know them by their olive color.
To have a clear, pink skin, bright eyes,
no pimples, a feeling of buoyancy like
childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the
liver and bowels like calomel—yet have
no dangerous after effects.
They start the bile and overcome consti-
pation. That's why millions of boxes are
sold annually at 10c and 25c per box. All
druggists. Take one or two nightly and
note the pleasing results.

Invitations have been received here for a Bridge party to be given by Mrs. O. H. Bradway and Mrs. Roll Miller, both formerly of this city, at the home of the former in Newcastle.

The Sexton Missionary society will meet Wednesday afternoon instead of Tuesday afternoon at the home of Mrs. George Kendall in Sexton.

The Ladies Aid society of the Pleasant Ridge M. E. church will hold their regular monthly meeting with Mrs. George Goddard at her home west of the city Wednesday afternoon.

Mrs. C. M. George will be hostess for the Social club Tuesday afternoon at her home in North Main street.

The Pastor's Aid society of the Main Street Christian church will meet tomorrow afternoon at 2:30 o'clock in the parlors of the church.

The members of Mrs. John Boyd's Catch-My-Pal class of the First Presbyterian church will meet tomorrow evening with Miss Edith Osborn.

Mr. and Mrs. Alvah Junken and family, north of the city, had as their dinner guests Sunday the Rev. Matthew Small and daughter Isabella and Miss Helen Custer of near Crawfordsville.

The Shakespeare club which was reported to have a meeting tonight, will not meet until next Monday night, February 17, in the public library room of the court house.

Mrs. Frank Sample will entertain the members of the Methodist Ladies Aid society tomorrow afternoon at her home, 830 North Morgan street. She will be assisted by Mrs. Adie Baxter and Mrs. Amos Baxter.

Mr. and Mrs. Grant Thomas of near Milroy entertained a number of their friends at a pitch-in dinner yesterday at their home near Milroy. The guests were Dr. and Mrs. John Francis, Mr. and Mrs. Dora Jackson and son Lawrence and Miss Leah O'Neil of this city.

Jack Epstein entertained in royal fashion the members of the Harmony club and a few specially invited guests, Sunday evening, at the home of Mr. and Mrs. Will Trennepohl, in Buena Vista Avenue. A duck dinner was served at six o'clock.

Mr. and Mrs. Fred Martin of Falmouth entertained yesterday with a dinner party in honor of the birthdays of their daughter Janet, and Frank McCrory. The table was decorated with a basket of fruit and covers were laid for Mr. and Mrs. John McCrory and daughter Sylvia, Mr. and Mrs. D. P. Rea, Mrs. Elizabeth Morris, Mr. and Mrs. William Martin and daughter Ruth and son Thomas, Mr. and Mrs. Frank McCrory and daughters Helen and Francis, Mr. and Mrs. Verne Smith and daughter Lillie and son Ray. In the afternoon Mr. and Mrs. Henry Knotts were also guests.

Mr. and Mrs. Fred Lightfoot of Raleigh entertained at dinner Sunday Mr. and Mrs. Holly Hall, of Lewisville, and Mr. and Mrs. Edson Aiken. The afternoon was spent socially and with music.

Mrs. Maria Smullen delightfully entertained a number of her friends at dinner yesterday, at her home in Raleigh. The guests were Mr. and Mrs. B. F. Martin and son Franklin, Mr. and Mrs. Wilson Dobins and daughter Cloe, Mr. and Mrs. Charles Elwell, Mr. and Mrs. John Smullen and son Charles, of Bentonville, and Mr. and Mrs. William Jackson.

The French Class of the Christian Sunday school will meet with Miss Albert Allen at her home in West Eleventh street tomorrow evening at 7:30 o'clock.

Mr. and Mrs. James Moore en-

tertained yesterday with a pretty appointed dinner party in honor of Miss Helen Strickland of Eau Claire, Wisconsin, at their home in East Eleventh street. The centerpiece for the table was a basket of fruit and covers were laid for the Misses Helen Strickland, Edna and Stella Gibson, Ozro Farthing, Charley Frazier and Frank Schaffer.

The Boy Scouts troop No. 2 of Falmouth gave a supper last Saturday night at which they cleared \$100.00. A cake on which votes were sold for the most popular young lady, brought \$40.80, Miss Jane Burrenberger being the winner. The proceeds will be used to buy uniforms for the boy scouts.

The Psi Chi Xi sorority will meet with Mrs. Will Carter at her home, 930 North Main street, tomorrow evening. All members are urged to be present and to bring their money for dues, as important business will be discussed.

Mr. and Mrs. Walter Cuypp living south of the city entertained, the following guests Sunday with a pretty appointed dinner party: the Misses Gladys Wallace and Leah Flint and Mrs. Beatrice Carter.

Short In Paris — Long In New York

(By MARGARET ROHE)
(Written for United Press.)

Will someone kindly tell me (If anybody knows):

Is New York leading Paris,

Or vice versa, as to clothes?

New York, Feb. 10—I'm just from

Paris where they're wearing you

see the shortest of dresses—and

frocks, so when I landed here I felt

queer on the pier—the long skirts

all gave me such shocks.

On the Rue de la Paix and the

boulevards gay the skirts were as

high as could be. When I came away

it was not thought au fait unless

yours were up to the knee.

Why, I sat up at night just to

shorten my night. Instead of wild

coats I sewed hemst; but I felt with a glow, "when I get home I know folks will think all my clothes Paris gems."

But alas and alack, now that I am come back I feel like a rube, and a jay. When I go on the street calves seem most indiscreet for the folks here aren't dressing that way.

When the dames first limped by in these skirts I did cry "What a lot of brave girls have been hurt. Perhaps at the front, frying doughnuts—some stunt—they were shelled"—but 'twas only the skirt all so narrow and long wrapping around like a throng that hampered their poor tootsies so. They hobble and crawl and scarce move at all. They don't seem to have any "go."

Some skirts I see here have a slit in the rear like an old time Directoire gone wrong, but whether they're slit a lot or a bit, they're all very narrow and long.

If these skirts I adopt my free strides must be stopped and a way straight and narrow I'll tread where I once used to prance short of skirt in dear France I'll hobble down Broadway instead. And I can't go to town till I do let mine down, for I hate to be different you know, yet to follow this style sure will take me some while, for to do it one needs must go slow.

There's another change queer between Paris and here that my first startled vision did greet. It's the rumps long and thin New York's put her foot in. They have simply howled me off my feet.

The Parisienne cramps all her toes in short rumps and her shoes are as short as her clothes. They are suede or kid shiny and round toed and tiny with a contour quite like a snub nose. But with long pointed toes Miss Manhattan goes, she has worn these long rumps a long spell. If she turned up her toes they would sure graze her nose, if she didn't turn that up as well.

Then here too the shoes help to shut off the views. They are wearing them higher, to boot. While, in Paris, they're mad over low shoes. This fad shows a length of silk hois-ery cute. Twixt the ankle and knee there is beaucoup to see, and the

girls there aren't stingy a bit, but stingy and near seem the girls over here with high shoes and long skirts close of fit.

Believe me, my dear when the boys get back here they'll find lots that differ'n't I wiss. Most folks think strong drink they will crave most. I think that the wine isn't all they will miss.

VOTE FOR HIGHWAY BILL

Wabash, Ind., Feb. 10.—A mass meeting of farmers and merchants of Wabash County voted practically unanimously in favor of the passage of the state highway commission bill as it now stands by the legislature. Telegrams recording the result of the vote on the bill were sent to Senator C. O. Signs and Representative John Winesberg.

Eleven iron and copper mines are now in operation on the Isle of Pines.

OPPOSITION HAS NOT BEEN REMOVED

Tax Bill to be Center of Bitter Fight When it Comes up For Final Action.

FARMERS ARE INDIFFERENT.

If Present Bill is Defeated Administration is Making Plans to Push Excise Bill Again.

Indianapolis, Ind., Feb. 10.—Opposition among legislators to the proposed tax bill has not been entirely removed by the amendments recommended by the house Judiciary A committee, and the measure will be the center of a bitter fight when it comes up for final action.

It was reported today that the administration is making plans to push the excise tax bill again, if the tax bill now pending should be defeated. The excise tax measure was the cause of one of the bitterest fights in the 1917 session of the General Assembly.

Farmers who had opposed the bill now pending, appear to be indifferent to the measure now since the provision for starting the assess-

ment on Jan. 1 instead of March 1 each year, was eliminated.

A great deal of opposition to the original measure was based on the 75 percent deduction which would have been allowed on intangibles. This was advocated as a means of bringing a great deal of property which has escaped taxation in the past through failure of owners to report it at assessment time, out of hiding. As a further encouragement to those who may be concealing property, the original bill would have granted clemency to all those who have concealed property in the past. This was also eliminated.

Banks, trust companies, building and loan associations and such organizations have not relaxed their opposition to the bill. The measure would give the state board of tax commissioners power to assess these institutions.

When the bill is ready for final action, the greatest opposition will center on the claim that it gives the tax commissioners too much power, and that the cost of assessment and collection of taxes under the measure would be too high.

Under the bill, the tax commissioners would be given direct control over county and township assessors, with power to remove any one who fails in performance of his duties.

PLANES TO CARRY FOOD IN FRANCE

French Government Decided to Install an Airplane Service to Feed Inhabitants.

OF REDEEMED DISTRICTS.

Will be the Most Gigantic Scale on Which Airplans Have Ever been Used.

By HENRY WOOD.
(U. P. Staff Correspondent.)

Paris, Jan. 1. (By Mail).—The French government has decided to install an airplane service to feed inhabitants of the redeemed districts of northern France until railways destroyed by the Germans in their retreat can be restored.

With 200 airplanes at least 200,000 people of the stricken provinces can be fed daily, it is believed this number of planes could carry 100,000 pounds of flour, 10,000 pounds of sugar, 10,000 pounds of butter, 30,000 pounds of vegetables and 10,000 pounds of condensed food.

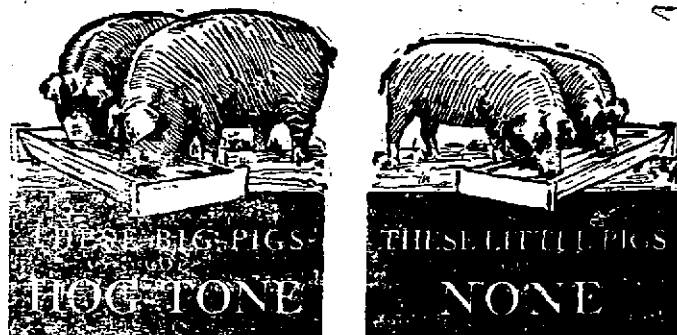

While this will be the most gigantic scale on which airplanes have been used for feeding a country, yet the system is not entirely new.

During the war it was successfully used by the British in carrying food to their troops in Mesopotamia, Palestine and Macedonia. In November, 1917, during the French offensive against the Chemin des Dames, it was used by the Germans. A detachment of their troops, completely encircled, was kept supplied with food by airplanes that dropped baskets containing bread, krait, canned meat and other supplies.

Still later, during the Italian offensive on the Piave, Lord Cavan, in charge of the 3d army, fearing that after his detachments got across the river, the bridges might be blown up and the troops cut off from supplies, arranged to feed them by airplanes. In this case it was planned to drop the packages of food by means of small parachutes let loose from the airplanes. Although every preparation was made to this end, the English and Italians were fortunately able to keep the bridges across the Piave and the lines of communication open.

For the airplanes that will be necessary for the new service for feeding the north of France, the French government will first of all make use of its own bombing machines. After this it expects to be able to utilize not less than 100 planes turned over by Germany under the terms of the armistice. In addition, France hopes that both England and the United States will place at her disposal a number of their bombing machines now lying idle in France.

Vital as the new service will be for feeding the north of France, it also will help solve the problem of the gradual transformation of the military aviation service for peace times.

G. R. Ogden, of Shinnston, W. Va., says: "I have used AVALON FARMS HOG-TONE 56 days and I think it is the best medicine I ever used. I have two pigs 4 months and 3 days old that weigh 360 pounds, one 6 pounds heavier than the other. They are 100 pounds heavier than my neighbor's 2 of the same litter and feed."

This is the experience of a typical user of Hog-Tone. There are hundreds and hundreds of letters on file at the Avalon Farms Company's office from nearly every state in the Union, all telling of big improvement in hogs and in hog profits through the use of Hog-Tone, the scientifically prepared Hog Conditioner, Fattener and Worm Remover. Hog-Tone is sold on 60 days' Free Trial under an absolute money-back guarantee. Come in the store and tell us how many hogs you have in your herd and we will give you enough Hog-Tone to treat all of them 60 days. You don't have to pay for it unless you are absolutely satisfied. The decision is left entirely to you.

IT COSTS YOU NOTHING NOW TO TRY
60 DAYS' TREATMENT OF
AVALON FARMS HOG-TONE

PERFECTED VALVE-IN-HEAD MOTOR

The fact that our government used \$37,000,000 worth of NASH PRODUCTS is sufficient reason to lead us to believe that they are the best.

Realizing that Mr. C. W. Nash was selected to take charge of the production of all air planes used by the United States government, we are led to believe that a man of such unusual ability would produce a passenger car or truck that would render you the very best of service.

Nash cars and trucks are attracting unusual attention.

BASKETBALL IN STATE SPOTLIGHT

275 Teams to Complete in 20 Sectional Meets—Tourney to be Held at Purdue.

CHIEF HIGH SCHOOL SPORT.

There is Practically Little Football, Little Track and Less Baseball Played Now.

(Special to the Daily Republican.)

Lafayette, Ind., Feb. 10.—Basketball is the premier high school sport in Indiana. There is practically no football, little track and less baseball. But there is scarcely a high school in the state, whether it be situated in a city, town, hamlet or crossroads, that is not represented by a basketball squad in which the entire populace in the community in which it plays is not interested.

With the sectional tournament, to be held in twenty Indiana cities, looming up a little more than a month off, the enthusiasm of the basketball fans is running rampant, and it is predicted that this will be a banner year in the annals of the great high school sport.

March 7 and 8, 275 basketball teams will play at Anderson, Bedford, Huntington, Columbus, Crawfordsville, Franklin, Indianapolis, Martinsville, Kendallville, Kokomo, Frankfort, Rochester, Neweastle, Richmond, South Bend, Gary, Vincennes, Washington, Brazil, and Lafayette. The following week the twenty sectional champs will compete in the ninth annual tournament which will be held at Purdue University, Lafayette, to decide the champion high school basketball team in Indiana, which is a great honor since high school basketball in Indiana compares favorably with the brand of basketball played by the high school quintets in any state in the union.

While the coaches and players of the teams in every section of the state are hard at work conditioning so as to make the best possible showing at the district tourneys great plans and preparations are being made at Purdue University to provide board, lodging and entertainment, for the sectional champs and the hundreds of fans who will be here to witness the games in what promise to be the biggest and best state tournament in the history of the classic.

Four railroads, the Big Four Monon, Wabash, and Lake Erie and Western, two interurban lines, the Indianapolis and Eastern, and the Fort Wayne and Northern Indiana run through Lafayette, and there are adequate facilities, making the Star City an ideal place to hold the state tournament. The various fraternities plan to care for the visiting basketball quintets and there will be plenty of room, with excellent places at which to dine, for all visiting fans. The Purdue University Memorial gymnasium, where the tournament will be held, is modern and fully equipped and a student committee has been appointed to co-operate with the athletic department at Purdue to insure the success of the meet.

JUDGE SAYS DIVORCES MEAN A BETTER WORLD

Says World is Getting Better, Citing Increasing Number of Divorce Cases as Proof.

OPINION OF JUDGE CRAWL.

(By United Press.)

Los Angeles, Cal., Feb. 10.—The world is getting better. The increasing number of divorces is the proof.

That is the opinion of Judge Chas. Crawl, of the Los Angeles divorce court.

Spread of education, increased prosperity enabling common people to hire lawyers, and publicity are the real reasons behind the increasing divorce rate, Crawl believes.

"The question coming up all the time is what is the cause of the greatly increased rate of divorce cases," he declared addressing a meeting of Christian ministers. "It is the result of two things. First the increasing of wealth of the people and their education. In

MULTIPLIED BY THREE

And often times the case will be four or five times. Such will be the result by having us dry clean and press your garments at regular intervals. Our process scientifically lengthens the wearing ability, besides adds a great deal to the personal appearance of the wearer.

GET THE FULL VALUE FROM YOUR GARMENTS BY HAVING US DRY CLEAN THEM.

XXth Century Cleaners and Pressers.

years past law and lawsuits were the privilege of the few. The result is we have a great many people now who can afford the advantages of the divorce court who could not in the past.

"Second, many people know of the divorce court by reading about it on the front pages of the daily newspapers, who once knew little of divorce.

"Don't think the greater number of divorce cases indicates the world is getting worse. I believe it is getting better."

BATHROOMS ARE BUSY.

(By United Press.)

Paris, Jan. 14. (By Mail).—The big rush to Paris with the cramming and jamming of hotels is not without its tragedies. There is for instance the matter of baths if you do not happen to be fortunate enough to have a room with a bath at your hotel.

Here's one story.

"I'd like a bath at 8 tomorrow morning," said an American as he turned in for the night.

"Oui, Monsieur," countered the night clerk, but the next morning there was no announcement that the bath was ready.

The American took it as a French oversight, but that night asked again.

"If you can't remember it for in the morning, 'I'll take it now,'" said the American as he had a happy thought.

The man on the desk staggered. He was sorry but Monsieur couldn't have a bath then.

"Why not?"

"Well, to tell the truth," came the explanation, "a captain has the bathroom engaged as sleeping quarters. Yesterday when you wanted your bath, he wasn't up yet. Tonight I am sorry, but he has just gone to bed. Tomorrow possibly.

Two days later the American caught the captain out of bed and had his bath.

Daily Health Talks

GOING BACK TO NATURE.

BY DR. W. LUCAS.

People get sick because they go away from Nature, and the only way to get well is to go back. Something grows out of the ground in the form of vegetation or cure almost every ill. Some of these vegetable growths are understood by man, and some are not. Animals, it would seem, know what to do when they are sick better than men and women. Observers have noted that a sick horse, dog or cat will stop eating food and seek out some vegetable growth in the field or yard, which, when found and eaten, often restores appetite and health. Haven't you seen these animals do this very thing yourself?

Dr. Pierce, of Buffalo, N. Y., long since found the herbs and roots provided by Nature to overcome constipation, and he had these vegetables collected and made up of Mayapple, leaves of Aloe, root of Jalap, into little white sugar-coated pills, that he called Dr. Pierce's Pleasant Pellets. You must understand that when your intestines are stopped up, poisons and decayed matter are imprisoned in your system, and these are carried by the blood throughout your body. Thus does your head ache, you get dizzy, you can't sleep, your skin may break out, your appetite declines, you get tired and despondent. As a matter of fact, you may get sick all over. Don't you see how useless all this suffering is? All that is often needed is a few of Dr. Pierce's Pleasant Pellets, which he has placed in all drug stores for your convenience and health. Try them by all means. They are probably the very thing you need right now.

I, Edw. V. Jackson, the trustee of Washington township, Rush Co., Ind., do solemnly swear (or affirm) that the preceding report of Receipts, Disbursements, Balances, and Service Account is true and correct, as I verily believe; and I further declare that the sums with which I am charged in this report are all of the sums received by me, and that the various items of expenditures credited have been fully paid in the sums stated, and without express or implied agreement that any portion thereof shall be retained by or repaid to me or any other person. And I further declare and swear, that I have received no money, nor article of value, in consideration of any contract made by me as Trustee of this Township.

EDW. V. JACKSON, Trustee of Washington Township.

Yanks Lost Hats in Paris.

(By United Press.)

Paris, Jan. 24. (By Mail)—On the second night of the celebration in connection with President Wilson's arrival in Paris, there was scarcely an American soldier—officer or man—with a hat. The girls, rollicking on the boulevards, developed a sudden craze for American hats and caps as souvenirs. They swept down upon American, regardless of rank, snatched their hats and sped away, or made them forget the hats under a bombardment of kisses.

There's a rear admiral who is said to have been chasing one boulevard beauty 2 blocks to recover his gold-leaf covered cap. Mabe the rear admiral would deny it, but anyhow it is said he kissed 25 girls to get the cap back, it being the only one he had.

Mrs. Cora Kilborn succeeded her husband as sheriff of Harper county, Texas, following his death recently.

GRAND TOTAL TO DATE IS 236,428

Casualties Reported Today by Commanding General of Expeditionary Forces Number 1929

FORTY-SIX INDIANA MEN

Seven Hundred and Seventeen Listed as Wounded Slightly in Combined List Today

Washington, Feb. 10.—The total number of casualties to date, are: Killed in action (including 381 at sea), 31,186; died of wounds, 12,987; died of disease, 19,045; died from accident and other causes, 2,757; wounded in action, 159,279; missing in action (including prisoners,) 11,183. Total to date, 236,428.

The following casualties are reported by the commanding general of the American Expeditionary forces for yesterday and today: Killed in action, 31; died from wounds, 15; died of accident and other causes, 19; died of disease, 91; died in aeroplane accident, 2; wounded severely, 474; wounded, degree undetermined, 563; wounded slightly, 717; missing in action, 17. Total, 1929.

Forty-six Indiana men were listed today:

Wounded severely—Private Carl Aubrey, Henryville; Corp. John J. Livingston, Switz City; Private Benjamin E. Edwards, Richmond; Private Clayton Tibbett, Lyons; Private Roman Jos Vosmeier, Richmond; Private Hovey M. Beardsley, Winslow; Private Damon P. Honhson, Indianapolis; Private Hely Farley, Evansville; Private Frank Lexlie, Indianapolis; Private Thomas O. Loutner, West Baden.

Killed in action—Private Harry Mead, Elwood.

Died of disease—Sergt. Bert R. Freese, Harrodsburg; Master Signal Engineer Bryant F. Vankirk, Vincennes; Private Harrison Reynolds, New Marion; Private Rudolph D.

Let MERIT Decide

Every man or woman who sets out to purchase a motor car is anxious to secure the particular automobile which for the amount of money invested represents not only the best value on the market, but also the most suitable and satisfactory car from the standpoint of the buyer's own fancy and needs. For years the OAKLAND motor car has championed the interests of the buyer by making possible the more intelligent selection of an automobile. We have constantly advised intending purchasers to let real merit decide the question of which car to choose and have given every assistance in the way of facts and information. Summed up the OAKLAND sensible six meets all the needs of motor car users better than other cars of anywhere near its cost, having those qualities which make it the most economical and practical car built, giving true comfort, convenience and service. It is a six-cylinder car of medium price. It has a small bore, high speed, overhead valve engine. It is a light weight, high-powered with 44 horse power for only 2130 pounds weight in the touring model. It has a greater proportionate power for weight in all models than any other car built, with one exception—a car which sells for approximately \$4000. It has extra large tires for its weight (32 x 4 inch, large enough for 2900 pounds weight) giving high tire mileage of 8000 to 12,000 miles. It has extra long springs for genuine riding ease, unusual roomy body with wide seats and large doors, low center gravity for safety and comfort.

It has distinctive engine features, giving high power with economy (18 to 25 miles per gallon of fuel); overhead valves, positive force feed oiling system, with drilled crank shaft, removable cylinder head, heated intake manifold, efficient biplane fan. It has deep, strongly reinforced frame with body set directly on frame and running boards bolted to it, giving strong, rigid construction. It is built in four models which satisfy majority of tastes: Touring car, roadster, five passenger sedan, and four passenger coupe.

Roadster and Touring Car Model \$1075.

Four Passenger Coupe and Five Passenger Sedan \$1650.

Prices f. o. b. Pontiac, Mich.

FEWER SICK SOLDIERS

Washington, Feb. 8.—Hospital reports from the expeditionary forces show there were 95,962 sick and wounded soldiers on January 16, a net decrease of 97,486 from the total on December 19. The total for January comprised 67,293 soldiers incapacitated from disease and 28,669 from injuries.

The South African Geographical Society has been recently formed.

INDIANA ALL-ROUND TRACTOR

The World's Tractor

HERE IS a one-man, single-unit, two-wheeled tractor that weighs no more than one large horse and does the work of four horses.

It really replaces horses—does work horses do and saves \$450 a year under horse costs. Saves also the wages of one man.

The Indiana is used with horse implements—the ones that you already have on your farm. Requires no special and expensive hitches—no special equipment.

It is just the right size and power to plow, drill, harrow, cultivate, mow, rake, pull a binder, etc. There is no excess weight, and no waste fuel.

This is the right tractor for big and little farms. It is superior in every detail of construction. It is low in price. Sold by the Indiana Silo Company, makers of the world's largest selling and most popular silo—a company whose products and fair business methods every farmer knows.

Ask us to show you the tractor and give you all the facts.

Will be ready to demonstrate in about a week.

EARL B. WINSHIP

Rushville, Ind.

NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County. In the Rush Circuit Court, Nov. Term, 1918. Aima Perrell vs. Charles Perrell. Complaint No. 1754. Now comes the plaintiff, by C. W. Duncan, attorney, and files her complaint herein, together with an affidavit, that the residence of the defendant, Charles Perrell, is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant. Notice is therefore hereby given said defendant that unless he be and appear on the 25th day of March, A. D., 1919, at the court house in Rushville in said county and state, and answer or demur to said complaint, the same will be heard and determined in his absence. In witness whereof, I have hereunto set my hand and affixed the seal of said Court at Rushville, this 25th day of January, A. D., 1919. GEO. B. MOORE, JR., Clerk.

NOTICE TO NON-RESIDENTS.

The State of Indiana, Rush County. In the Rush Circuit Court, February Term, 1919. Roscoe Leforge, as executor of the will of Ida Pond, deceased, vs. Mary C. King, et al. Complaint No. 1764. Now comes the Plaintiff, by Douglas Morris, his attorney, and files his complaint herein, together with an affidavit of plaintiff that defendants in said cause, to-wit: Cassius C. Pond, Vernis Gustin, Wilda Southard, Benjamin H. Gustin, Mattie Scott, Ella F. Smith, Blanche Nelson, the unknown heirs of Ida Pond, the unknown devisees of Ida Pond, the unknown legatees of Ida Pond, that said action is for selling real estate of Ida Pond deceased to make assets to pay her debts, and that said non-resident defendants are necessary parties thereto. Notice is therefore hereby given said defendants last named, that unless they be and appear on Friday, April 4th, 1919, at the Court House in Rushville, in said county and state, and answer or demur to said complaint, the same will be heard and determined in their absence. Witness my name and the seal of said court, at Rushville, this 10th day of February, A. D., 1919. GEO. B. MOORE, JR., Clerk. Feb 10-17-24-Mar 3

OFFICIAL WAR FILM
WILL BE SHOWN HERE

American Submarine Chaser is Pictured Sinking Hun Sub-Sea Boat in "Under 4 Flags"

ISSUED BY THE GOVERNMENT

The sinking of a German submarine by an American U-boat chaser is faithfully depicted in the official government war picture, "Under Four Flags," which will be shown at the Mystic theater Wednesday, matinee and night. This is only one of the many thrilling incidents which visualizes the manner in which the allies overcame the Huns.

In this bit of war realism the trail of the Hun submarine is plainly shown, and the ripple made by its periscope can be distinctly followed. Overhead is a hydroplane, which drops a bomb upon the trail of the undersea pirate, while during back and forth is a big submarine.

One is able to follow the maneuvers of the chaser pilot. He does not approach too close to the quarry; he is teasing the enemy. The submarine submerges. Suddenly the chaser turns, makes a wide sweep and then darts straight an arrow, with the speed of an express train, directly over the sub and drops a depth bomb.

BREAKS RECORD IN COUNTY

Poston-Daubenspeck Sale Yields \$20,034.84 New High Mark

The Rush county record for public sales was exceeded Saturday by \$3,500. A few years ago the Charles Leisure estate sale set the record with \$13,400. This record was broken by the Daniel Brown estate sale which amounted to \$15,500, and last March this record was broken by the

together with an affidavit of plaintiff that defendants in said cause, to-wit: Cassius C. Pond, Vernis Gustin, Wilda Southard, Benjamin H. Gustin, Mattie Scott, Ella F. Smith, Blanche Nelson, the unknown heirs of Ida Pond, the unknown devisees of Ida Pond, the unknown legatees of Ida Pond, that said action is for selling real estate of Ida Pond deceased to make assets to pay her debts, and that said non-resident defendants are necessary parties thereto. Notice is therefore hereby given said defendants last named, that unless they be and appear on Friday, April 4th, 1919, at the Court House in Rushville, in said county and state, and answer or demur to said complaint, the same will be heard and determined in their absence. O. J. Short sale, which netted \$16,500. Saturday the Poston-Daubenspeck exceeded all previous records by \$3500, netting \$20,034.84.

Practically all this material was sold in three hours by Glen (Dusty) Miller, one of the most competent auctioneers to be found anywhere.

WEAKNESS REMAINS
LONG AFTER
Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Olearsin; Capsicum, Kolo.

Don't Let Worms Kill Your Hogs

Free intestinal and stomach worms are those that do not attach themselves to the intestines or stomach. Worms which attach themselves to the stomach or intestines are properly called "Blood Suckers" and nothing will expel the "blood sucking worms" after they are formed.

The Thorn Headed Worm is a "blood sucker" and nothing will expel them after they are formed. They have a mass of thorns or hooks about the head and not only attach themselves to the intestines, but bury the head into and clear through the intestines. THE THORN HEADED WORM can be positively prevented by feeding **ACME WORM BOUNCER** from birth to maturity.

OIL INSPECTION TO BE TAKEN CARE OF

Sen. Negley Bill Provides for Continuation of This Department Until September.

HOUSE BILL IS PASSED.

Plans Made to Place it Under Supervision of Food and Drug Administration After Sept.

Indianapolis, Ind., Feb. 10.—The legislatures are arranging to take care of the oil inspection in the state through two bills which are now before the two houses.

Senator Negley introduced the bill in the senate, while a similar measure was presented to the house, to provide for continuation of the oil inspection department as at present constituted until next September. This will allow the oil inspectors appointed by Gov. Goodrich to collect the fees until that time.

The house bill was passed and is now before the senate, thus holding up the Negley measure.

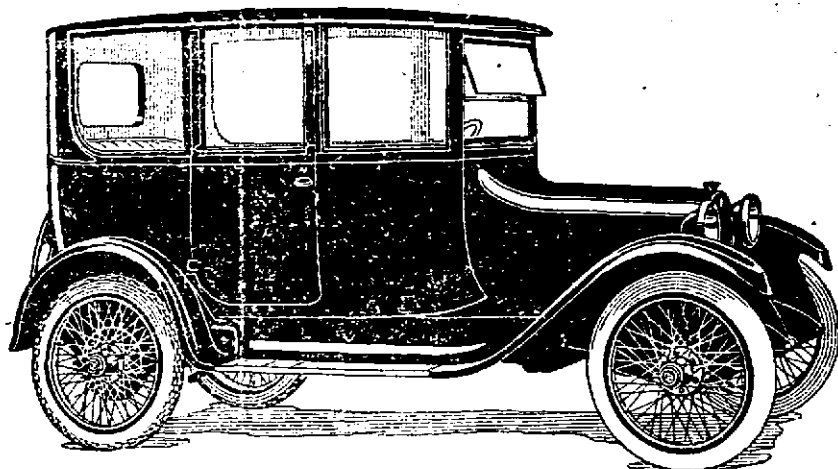

After next September, it is the plan of the administration to place the oil inspection under the supervision of the state food and drug department.

For Skin Tortures

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

SALE UNDER TENT RAIN OR SHINE

R. H. SCOTT.

JOHN C. BUNDY.

REX SEXSON, Auctioneer.

CLARENCE HASKETT, Clerk.

Lunch will be served by the Ladies' Aid of Charlottesville.

A bill to this effect was introduced by Senator Duncan. It provides for a salary of \$1,000 addition for the state food commission for taking care of the oil inspection.

He may appoint additional inspectors who shall serve as deputies. Fees which could be collected would be 25 cents for a single barrel or cask; 15 cents for each barrel or cask up to ten; 10 cents for each barrel or cask up to fifty and 4 cents for each barrel or cask in excess of fifty.

These measures, which will probably receive favorable action in both houses, will likely settle for all time the oil inspection question in the state.

LEARN HOW THEIR SON WAS WOUNDED

Marshall Innis is Killed by Shrapnel Which Struck Him in the Stomach

LETTER FROM HIS CAPTAIN

Mr. and Mrs. Wade Innis of Milroy have received word to the effect that their son Marshall, lived nine days after he was wounded by shrapnel in the bowels. He was hurt October 20 and died on the 29th. The letter was written by Captain Grady O'Hair, commanding officer of the machine gun company of the One Hundredth and Thirtieth infantry, the organization to which the Milroy boy belonged.

In describing the manner in which Private Innis was killed he says: "My company was occupying the front line area, which location is known as Hill No. 372, Woevre sector, sub-sector 'Connecticut,' France. This village is just about two miles from the village of Fresnes, France.

"On October 20th, there was a concentrated shelling by the enemy around our positions. The fatal shell struck squarely in a tree at a point right above a point where a number of our men were standing, outside their dugout. The flying shrapnel wounded thirteen men, including your son, Marshall, who unfortunately was struck in the stomach. He was taken to the hospital with the other men, and from direct information I understand that he died shortly after. I regret that I am unable to give you the exact date of his death or the place of burial, but you will receive that information from the hospital sources in due time."

The captain praises Private Innis for the work he did, saying that he sacrificed his life for the greatest cause possible.
